## Citizens must press for disarmament

### Dr. Clarke Mac Donald believes people can stop the nuclear buildup

The moderator of the United Church of Canada wants local citizens to write personal letters to politicians urging them to take a stand against the proliferation of nuclear arms.

Speaking at a meeting in Minden last Wednesday, Dr. Clarke MacDonald urged people interested in peace to fight the nuclear threat by exerting pressure on governments at every level.

MacDonald said people should not get discouraged by their apparent helplessness and insignificance in the face of such a crucial issue. Individuals may seem to be mere grains of sand among the billions of people in the world, MacDonald said, "but it is the totality of the grains of sand on the seashore that hold back the tide."

The meeting, organized by the People for Peace Committee of Minden, began with a film entitled "If you Love this Planet", in which physician Dr. Helen Caldicott lectured a university audience on the horrors of nuclear war and the absurdity of the concept of "overkill" which

figures in discussions of nations' relative nuclear strength. Caldicott's graphic descriptions of the destruction, death and disease that would result from nuclear war were punctuated by film of the destruction of Hiroshima and Nagasaki and the human suffering that resulted.

In his speech to the approximately 100 people who attended the meeting, Dr. MacDonald said that when he is asked why he devotes so much time to attending peace rallies and walking in peace marches, his reply is that he does it for the world's children.

To support his belief that perseverance in the face of massive odds can accomplish important goals, MacDonald cited the example of William Wilberforce. This English politician brought a private members bill calling for an end to slavery to the British House of Commons and saw it defeated 27 times. But Wilberforce remained steadfast in his views, and, undaunted, brought it back to the House a twenty-eighth time. It passed, and slavery was abolished in

Great Britain.

"When you get discouraged," MacDonald said, "hang in there."

"Keep on keeping on with our politicians."

In defending his commitment to the peace movement, MacDonald noted that in the 1930's, when Adolph Hitler was promulgating his anti-semitic views and laying plans for the annihilation of European Jews, the churches remained silent.

"I do not intend to remain silent when I see holocaust being prepared for," MacDonald said.

In 1967, MacDonald attended the world's fair in Montreal, and there, on a visit to the Jewish

pavilion, he saw a pair of child's shoes that were recovered from one of the death camps. They may have been kicked off by the child when he or she was being taken to the gas furnaces, MacDonald said.

"What is the difference between throwing a child in the furnace and throwing the furnace on the child?" he mused. "Morally, I see none. Ethically, I see none."

There would be no winner in a nuclear war, the United Church moderator stressed. He compared modern military tacticians to the Roman general who, after defeating the zealots who had occupied the fortress of Masada,

surveyed the battlefield and declared: "We've won a rock in the midst of a wasteland, on the shores of a poison sea."

MacDonald said he believes that in every country, people at the grassroots level "would be in favour of de-escalation" of the nuclear arms buildup.

MacDonald said he and other church leaders will visit the Soviet Union in September to try to determine the level of support among soviet citizens for disarmament.

The meeting, voted unanimously to press Haliburton County council to declare the county a nuclear weapons free zone.

## Bell will reconsider move to smaller print

Bell Canada is expected to re-examine its decision to reduce the size of the type in the 1983-84 directory following a flood of complaints.

Tom Harper, manager of the Peterborough area, which includes Haliburton County, said he has "received a lot of adverse reaction, both verbal and in letter form" to the new directories, which have type 15 per cent smaller than earlier editions, and five columns of listings on each page instead of four.

Harper said the move to smaller type began in 1976. In that year the Toronto directory was too large to be accommodated in the old format, so a decision was made to reduce listings from seven point type to six point.

By 1982 the directory was again too large to be bound in a single volume, so a new type face known as "Centennial" was adopted, and a fifth column added to each page.

Studies showed that 89 per cent of subscribers had no trouble using the new directory, while only 82 per cent had found the old format trouble free.

The savings "were significant," Harper says, so Bell decided to use the new format across the province.

Reaction has varied, Harper said, but in the Peterborough area, where there is a high percentage of senior citizens, subscribers have been complaining.

Emily Township councillors recently passed a resolution asking the company to consider returning to the old format, and last Thursday, Anson, Hindon and Minden council concurred with the Emily Township request.

Harper says Bell officials have asked are managers to pass on local reaction to a committee which will decide whether the new format should be retained.

"I'm confident that it's going to get a lot of close attention" because of widespread adverse reaction, Harper said.

While Bell has saved money by reducing the type size, Bell officials will ask themselves "have we made our customers suffer to save money?" the Peterborough area manager said.

He noted that if people find the directory hard to use and resort to directory assistance instead, costs could actually go up.

Harper said he expects a decision on the format for future directories could be made within two months.

Christie Cowen, Eldon Cowen and Allen Francis look on as auctioneer Doug Pritchard takes bids on a washtub and stand at an auction in Haliburton village on Sunday.

## Hotel strip show under fire at council

### Two councillors balk at proposal to send a letter of complaint to owner

Anson, Hindon and Minden council has voted three to two in favour of sending a letter to Rockcliffe Hotel owner Dave Willis asking him to provide entertainment in better taste than the male stripper who appeared at the hotel last Monday night.

Councillors Gary Kenney and Dave Stevens cast the dissenting votes, saying they believe it is not council's place to pass judgement on the kind of entertainment offered by a private business.

Kenney said that while he agreed with the other councillors' concerns "on a personal basis", he did not believe "you can legislate morality".

Reeve Lyle McKnight supported councillor Pat Burk and deputy reeve Ed Pergolas to break the tie on a resolution to send a letter to Willis.

A ratepayer in the municipality had suggested in a letter to the editor of the Echo that Anson, Hindon and Minden council should pass a by-law to ban strippers in the community. But Kenney told the

meeting he would not be in favour of such a move.

"I don't feel it's council's place to involve itself in by-laws that restrict that form of entertainment," he said, adding that people should be guided by their own conscience in deciding whether or not to attend a strip show.

He said citizens should have the right to choose their own entertainment so long as they do not infringe on the rights of others.

Reeve Lyle McKnight said he disagreed with Kenney, but added that he might have to declare a conflict of interest because he is an elder in the United Church.

Councillor Pat Burk said she did not think it was necessary to have "that form of entertainment in the municipality".

"We want to get decent, law-abiding citizens into the county. Is this going to draw people up here to live? It's going to put them off," Burk said.

Deputy reeve Ed Pergolas proposed sending the letter to Willis to register council's disapproval of

strip shows at the hotel.

"I think he's just testing us to see how far he can go," Pergolas said. "And I think if he's smart he'll just let this thing drop."

But Kenney felt the letter might indicate that council was "taking a clear step into private business", commenting on how individuals run their operations.

"If we sent the letter, would it mean that we would then have to write to the three or four service stations and a couple of other businesses that have nude pictures on their walls, or hand out calendars" with pictures of women in

various states of undress? Kenney mused.

He also suggested that there might be "a double standard" in operation, since every one of the four men on council had probably attended stag parties where the entertainment was much more explicit than last Monday's performance by the male stripper.

With reeve McKnight casting the deciding vote, council decided that a letter should be written to Willis asking him "to offer entertainment more in good taste and faith than the most recent exhibition offered to his patrons."

## Kinmount set for weekend

Many people say it's one of the best little fairs in Ontario. Certainly it has all the attractions that make a fall fair in rural Ontario a fascinating place to spend a few hours on a warm late summer day. So Kinmount ought to be a busy place this Saturday and Sunday, as the

community's agricultural society stages the 1983 edition of "the fair with the forward look."

Exhibit halls at the fairgrounds open at 11 a.m. Saturday. The judging of livestock, one of the most interesting aspects of the fair, begins at 11:30 a.m. and

## Echo office open Monday

As usual, the Haliburton County Echo will be open for business on Labour Day, Monday, September 5. Customers and advertisers are reminded that the usual weekly deadlines will apply for classified and display advertising.

All classified ads should be brought into the office in Haliburton or dropped off at Northland Surplus in Minden by 5 p.m. on Monday. Classified ads are not accepted over the telephone.

Copy for display advertising must be submitted before 5 p.m. Monday. These deadlines will allow a regular issue of the newspaper to be available on Wednesday morning.

The office will be open from 9 a.m. to 5 p.m. on Labour Day.

## Board of Education

A regular meeting of the Haliburton County Board of Education was held in the board office on Tuesday, August 16, 1983, commencing at 8 p.m. Present were: Mrs. Nancy Stinson, Chairman of the Board, Mr. Ross Anderson, Mrs. Bonnie-Lee Berry, Mr. Kelly Crick, Mrs. Julie Hunter, Mrs. Dorothy Kinsman, Mrs. Linda Mumford, Dr. Blair Pierce, Mr. Leonard Salvatori, Mr. Brian Sisson, Mr. George Simmons, Mr. David Villard, Mr. Paul Wilson, Mr. J. Douglas Hodgson, Director of Education, Mr. Stanley Baker, Business Administrator.

Absent were: Mr. Leroy Eager and Mrs. Cheryl Murdoch.

Also present was Ms. Orpana, Public Health Nutritionist for the Haliburton area.

Mrs. Nancy Stinson called the meeting to order and Dr. Pierce introduced Ms. Orpana. Ms. Orpana stated she had been pleased to be asked to help in planning menus, etc. for the cafeteria. She stated nutrition is so important in establishing good health and cafeterias and school programmes give an excellent opportunity to help young people develop good eating habits.

Ms. Orpana offered to work with the Family Studies teachers in the school and provide resource materials pertaining to nutrition. She will telephone Mr. Hodgson later and he will set up a meeting for her with the principal and family studies

teachers of the secondary school.

Dr. Pierce then reported to the board on the committee's work with the proposals from people interested in operating the cafeteria at the secondary school. Five proposals were received, with one actually being an application for a job. The committee recommended that Mr. William Vanderhorst of Kosy Korner Restaurant in Haliburton receive the contract.

It was resolved that the Haliburton County Board of Education accept the proposal of Mr. William Vanderhorst of Kosy Korner Restaurant for catering services for the high school cafeteria for the 1983-84 school year. A suitable contract is to be drawn up by Mr. Baker, business administrator. Necessary equipment is to be leased/purchased by the board.

Bonnie-Lee Berry reported on the hiring of a half-time custodian for the Archie Stouffer Elementary School. Twenty-seven applications were received and four people interviewed. The committee recommended the hiring of Mrs. Minnie Austen for this position.

Berry also reported on the hiring of a part-time secretary for the children's Services Co-ordination programme. Twelve applications were received and four people interviewed. The committee recommended the hiring of Mrs. Karen Franke for this position.

Please turn to Page 11

Dr. Clarke MacDonald, Moderator of the United Church of Canada, spoke at a peace meeting in Minden last Wednesday night. About 100 people attended the gathering.

## Norton unveils waste management

Environment Minister Keith Norton has issued a blueprint for waste management in Ontario and at the same time a challenge to government, municipalities, business and industry, special interest groups and individuals.

Better means have to be found to efficiently and safely dispose of eight million tons of solid waste and 60 million gallons of liquid industrial waste generated in Ontario each year, Norton told the 30th annual Ontario Industrial Waste Conference in Toronto sponsored by the ministry.

The conference attracted some 600 delegates.

The 75-page blueprint and its 11 appendices present a comprehensive series of ministry proposals and options, including proposed controls and regulations which cover the full spectrum of waste management from generation through recycling to post-disposal environ-

mental security. In a general invitation for full public participation, the minister called for comments and ideas during the draft stages of the blueprint process which began last November.

Norton announced a summer-long program of further consultation in which the ministry's blueprint team will meet and talk with a full range of interests across Ontario about the waste management issues and proposals in the blueprint. Following this, senior ministry officials will conduct public meetings to receive oral and written presentations and

Please turn to Page 11

## Minden council minutes

At a meeting of Anson, Hindon and Minden council last Thursday night, the following matters were considered:

Joseph Curtin, a landowner adjacent to the bridge in Ingoldsby which the County of Haliburton is considering replacing, attended council to express his concerns regarding the design of the new bridge and the restriction it will create in the channel between Canning and Kashagawigamog Lakes. Curtin also advised that Ontario Hydro was requesting an 18' easement across his property for a submarine cable and this would place an even greater restriction on the possibility of deepening the channel to permit boat access.

Deputy-reeve Pergolas was requested to investigate the matter further.

Mr. and Mrs. J. McGrath were present objecting to the municipality's efforts to remove some timbers from a boat launch located across from their cottage at Brady Lake in part of Lot 1, Concession 4 in Hindon Township. They referred to previous council meetings that had been attended by the Brady Lake Ratepayers Association at which time council had agreed to abandon this particular boat launch site. The McGrath's questioned whether two boat launches on Brady Lake were necessary.

Brian Sisson, Parks and Recreation Manager was also in attendance and he explained that a second boat launch, approximately one mile from the McGrath's, was in existence and could be utilized by the general public.

Council directed the municipal staff to do an on-site inspection of the boat launches as well as to check

with the Ministry of Natural Resources so as to satisfy any concerns they may have with regards to access to Brady Lake.

The reeve and clerk were authorized to endorse the contract with Robert Lehman Planning Consultants Ltd. authorizing him to prepare an official plan for the townships for a maximum upset fee of \$30,980.

The Boundary Information Centre accounts in the amount of \$6,600.80 were approved for payment subject to approval of the Boundary Information Centre committee who may give permission to approve the total accounts or any part thereof.

A further \$817.75 will be withdrawn from the Parks Reserve Fund to be used to pay the balance of the legal fees to complete the property transaction when the municipality purchased part of lot 3, concession A in the Township of Anson from Gary F. Vasey Ltd.

Council concurred with a resolution passed by Fenelon Township requesting Bell Canada to consider enlarging the print in the next issue of telephone books.

Council had no objections to the funds of the Twelve Mile Lake Cemetery Vault Committee being transferred to the Minden Cemetery Board account and the reeve and clerk of Anson, Hindon and Minden becoming signing authorities for the expanding of this money on future capital repairs of the Twelve Mile Cemetery Vault.

Earl Kent and Brian Sisson were authorized to attend the Duke Lawn Equipment show in Burlington on September 7 or 8, 1983.

Two tenders were received as follows: John Beachli Construction Enterprises Limited, \$4,530.; D.A.C. Construction Limited,

\$3,495.

Council accepted the tender of Don Campbell to construct an addition to the PWD shed for the purpose of a furnace room for \$3,495 providing funds are available.

Policy No. 24, as amended, was approved and incorporated into the Book of Policies i.e. cutting wood on municipal properties.

The municipal council authorized the necessary appointed or elected staff to attend the Municipal Information Services Association conference in Niagara Falls on October 2 to 6, 1983 and the provisions of policy No. 4 shall apply. The clerk treasurer was authorized to organize for as many full time municipal office staff as possible to attend the Thursday session and was also authorized to apply for the action '85 grant.

A letter will be forwarded to Dave Willis advising that council requests him to offer entertainment more in good taste and faith than the most recent exhibition offered to his patrons. Nay votes were registered by councillors Gary Kenney and Dave Stevens.

Lyle McKnight declared a conflict of interest in the following matter as he is the owner of property in the transaction.

By-law 83-33, a by-law to establish and lay out a public highway and to authorize the acquisition and exchange of property in part of lot 2, concession "A", Township of Anson and part lot 1, plan 594, Township of Anson, in order to construct an alternate access to Anson Street and also stating that the sewer extension is to be completed as initially agreed, was passed.

## OPP report

### General Occurrences

During the period August 22 to 28, personnel at Minden detachment investigated the following occurrences: 14 motor vehicle accidents in which no one was injured; and 92 general occurrences including 15 thefts, seven liquor infractions, four break and enters, four domestic disputes.

### Motor Thefts

Outboard motors continue to be the prime target for thieves in the area. In the past week a 9.9 h.p. outboard motor was stolen from a boat house on Moore Lake in Lutterworth township, a 15 h.p. motor from the back of a boat on Drag Lake, a 7.5 h.p. motor from the back of a boat on Kashagawigamog Lake, and a 7.5 h.p. motor along with an aluminum boat from Green Lake in Stanhope township. So far none have been recovered.

## Chamber to hold meeting at Dorset inn

The Board of Directors of the Haliburton Highlands Chamber of Commerce has announced that their next regular meeting will be held on September 6, at the

Nordic Inn near Dorset. Having already held a meeting this year in Cardiff, the board decided that they should hold a meeting in the northwest corner of Haliburton County.

Following an afternoon meeting and dinner the members of the Board of Directors will be available from 7:30 to 8:30 at the Nordic Inn to meet members of the Chamber of Commerce

as well as of the general public. From 7:30 to 8:30 p.m. any and all interested parties who wish to express their opinions or concerns to the Board of Directors are invited to attend.

## Hospital heliport licensed to operate 24 hours a day

A heliport at Haliburton Red Cross Hospital has receiving licensing to operate 24-hours a day, Health Minister Keith Norton has announced. Until now, the heliport has been available only during daylight hours on a special waiver from Transport Canada to operate without a license.

In order to allow 24-hour service, various improvements were made, including asphalt, concrete work and installation of lighting and wind sock. The newly licensed facility, to be used primarily by Bandage 1 air ambulance, is adjacent to the hospital.

Norton said having the heliport open around the clock "greatly enhances health care in Haliburton."

Critically ill or injured patients can now be moved more quickly and comfortably any time of day or night to major medical centres in Toronto."

Establishment of the 24-hour heliport has been endorsed by the Haliburton-Kawartha-Pine Ridge District Health Council.

At present there are 26 licensed heliports in operation across Ontario. As many as 20 more are expected to be built this year as part of a major expansion program, making 24-hour service available in a much wider area. Technical guidance is provided by the Ministry of Transportation and Communications.

## No need to drop by-law

AH&M council told that old by-law in effect

A decision of Anson, Hindon and Minden council to drop its zoning by-law 82-11 and reinstate the old zoning by-law 14-67 may not have been necessary, since the new by-law was never formally approved.

At a meeting last month, council passed a resolution to use the old by-law until new zoning regulations are created in conjunction with an official plan for the municipality.

But council has since learned that the old by-law was never really superceded, although the existence of new by-law showed that council

intended to upgrade zoning regulations.

Not until a new zoning by-law is approved by the Ontario Municipal Board is it considered to be in effect.

So many objections were received to by-law 82-11 that council opted not to try to amend it, but to proceed with the preparation of an official plan. Work on the project began last month, and is expected to take a year to complete.

It is anticipated that much of the background work for the preparation of by-law 82-11 will be incorporated in the current official plan.

## Kinmount Fair

from page 1

continues throughout the day.

Official opening of the fair will take place at the conclusion of the parade, which will wind its way into the fair grounds and around the track, concluding in front of the grandstand. The procession gets underway at 12:30.

An amateur program is slated to begin at 2 p.m., and there will also be a grandstand show featuring the Juno Award winning country music group 'Family Brown'.

As well, the afternoon will include horse judging, a midway, food booths, demonstrations and many other attractions, such as antique steam engines, a steam powered sawmill at work, and a petting zoo.

People who appreciate a touch of nostalgia will want to take in the heavy horse draw, which begins at 4:30 p.m. and continues until a winner is declared.

Rounding out Saturday's schedule is a dance at 9 p.m.,

with Family Brown on hand to provide the music.

Sunday's activities get underway at 11 a.m. with a pony show. At noon there will be a mutt show. At one p.m. the exhibition hall opens once again, and at 2 p.m. there will be a car demolition derby.

Amateur entertainers will again be featured at 3 p.m., and at 4 p.m. the light horse teams will be pitted against the sleds for prizes and trophies.

There will also be a goat show Sunday afternoon, and a chance for four wheel drive vehicle owners to try pulling against dead weight for prizes.

Other activities on the weekend are children's sports at 6 p.m. on Friday, a fishing derby which concludes at 2 p.m. Sunday, and bingo Friday, Saturday and Sunday nights.

Admission to the fair grounds is \$3 for adults, \$1.50 for cars, \$1 for children and pre-schoolers free.

Waterskiing is a great way to cool off on a hot summer day, and if you've got a boat powerful enough to pull you at about 40 miles an hour, you can dispense with

the skis altogether, as these men did on Head Lake Sunday.

## Will bridge hinder boat traffic?

Cottager says yes, but councillors remain unconvinced

A cottage owner whose land is expropriated for a new bridge at the Ingoldsby narrows took his fight to Anson, Hindon and Minden council last Thursday, but appeared to make little headway.

Joe Curtin has battled against the proposed bridge from the outset, claiming that it would restrict boat access between Canning and Kashagawigamog lakes at high water. He says a county study showed that the existing bridge could be repaired for \$100,000, while the new bridge would cost between \$350,000 and \$450,000.

Local taxpayers would bear 20 per cent of that cost, and the remaining 80 per cent would come from provincial taxes.

"If we're getting a new bridge, we're getting the wrong bridge," Curtin told council.

Curtin said a revised plan for the bridge on file at the county registry office shows high water clearance under the bridge would be 4'10", too little for some stern drive boats. He said he based his calculations on figures obtained in writing from Parks Canada, which controls the Trent Severn waterway system, of which Canning and Kashagawigamog lakes are a part.

Abutments of the new bridge would encroach 16 feet into the existing channel, Curtin said. As well, the existing 45 degree approaches to the bridge would be retained, so there would be "relatively little improvement as far as traffic is concerned."

If the county insists on building a new bridge, it should at least ensure

that the present channel width, depth and overhead clearance are maintained, Curtin said.

He noted that the Canning Lake Property Owners Association and the Old Allsaw Road cottagers group hold the same view, and have expressed their concern in writing to the Ministry of Transportation and Communications and Haliburton County council.

Deputy reeve Ed Pergolas, who is a member of the county roads committee, disputed Curtin's claims.

"You've had your day in court," he said. "The figures that I have are completely different."

"At the lowest point" the new bridge "would be lower by 1.25 feet" according to figures Pergolas obtained from county engineer Bill Obee. At high water in the spring, clearance under the bridge would be 7.61 feet, Pergolas said.

The Minden deputy reeve also disputed Curtin's claim that Ontario Hydro wants to expropriate a further 16 feet of his land for a submarine cable across the channel, a move which Curtin says would make dredging impossible.

"There has been no talk of a submarine cable at all," Pergolas said. "Not more than four weeks ago, we tried to find out about it. We got nothing from Hydro."

"That's not unusual for Hydro," Curtin countered.

"I can assure you that the manager (of the Minden area) knows nothing about it," Pergolas said.

After consulting his notes, Curtin

told council that he had been contacted on June 23 by Lonnie Davis, a field supervisor for the Minden office of Ontario Hydro, who said an 18 foot easement would be sought across Curtin's property for a 7,200 foot submarine cable, occasioned by construction of the new bridge.

Curtin claimed that the old bridge could be repaired for \$100,000 "so why this push for a new bridge?" He said cost estimates run as high as \$450,000 for a new structure, but Pergolas said the figure is more like \$350,000.

The deputy reeve noted that the existing bridge is only 16 feet wide, and must be replaced for safety reasons.

Curtin later told the Echo that he was "surprised at the deputy reeve's defensive attitude".

"This whole bridge issue has

## Minden adopts revised policy on wood cutting

Anson, Hindon and Minden council has adopted a revised policy for wood cutting on municipal property.

From now on, ratepayers who want to cut firewood on municipally controlled land will have to apply to the municipal office in writing. The road superintendent will then check the area and determine which trees may be cut.

Only dead trees can be cut, and the wood must be for personal use only, not for resale.

A fee of \$5 per bush cord will be assessed.

Council also has stipulated in the policy that the area must be left clean, with all branches and twigs to be taken away by the person cutting the wood.

Permission will be granted for a period of six weeks only, and all cutting and clean-up is to be completed in that time.

The policy was adopted unanimously at a meeting Thursday.

proceeded in an incredibly slipshod manner," he said. "The reeve (Lyle McKnight) told the Allsaw Cottagers Association that Anson, Hindon and Minden council had never discussed the development and that he knew nothing about it other than what he had read in the newspapers."

As well, Curtin claimed that at a Hearing of Necessity on the bridge, county engineer Bill Obee "said he did not have any specific bridge details including overall cost estimates because these were in the hands of the consultants."

At the close of Curtin's presentation, reeve Lyle McKnight said "some interesting points" had been raised, and that he would like Pergolas "to check into it a little further".

Council took no other action on the matter.

## Contract awarded for PWD room

A Minden construction company has won a contract to build a furnace room at the Anson, Hindon and Minden public works department garage.

Don Campbell construction had the lowest of two tenders, at \$3,495. The unsuccessful tender was from

John Beachli Construction of Haliburton, with a bid of \$4,530.

Plans call for the installation of a wood/oil combination furnace, which the municipality hopes will provide cheaper, more efficient heat than the present furnace.

## Low water levels make diving dangerous

Low water levels may be a factor in an increase in the number of diving related accidents occurring around the county.

Hospitals in Haliburton and Minden report that they are seeing

more injuries resulting from dives into shallow water.

Since the consequences of such dives can be crippling, residents and cottagers are urged to use extreme caution when diving.

### Rights

Anson, Hindon and Minden council has decided to send a letter to the owner of the Rockcliffe Hotel asking him to provide entertainment "more in good taste" than the male stripper who appeared there last week. But the move was not supported unanimously. Councillors Gary Kenney and Dave Stevens voted against the resolution, reasoning that it was inappropriate for council to comment on the actions of private business when no individual was made to suffer because of them.

Kenney made a valid point when he said people should have the right to choose their own form of entertainment, and that if they disapproved of strippers, they could simply stay away. The key point is that no one was harmed by the strip show, and neither was the community, in any tangible way.

It is true, of course, that strippers may offend many member of the community. But it is equally true that rock and country and western music, which are a much more common form of entertainment, may offend people with more sophisticated musical tastes. Provided no one's right to peace and quiet is infringed upon, rock and country and western could not be banned, and neither should strippers.

There is nothing immoral about the naked human body. Indeed it could be argued that a well-formed body is a work of art, and deserves to be admired. At best, an occasional performance by a stripper, male or female, could be viewed as a joke; at worst, as a low brow and ultimately degrading form of entertainment.

Council has reflected the feelings of many citizens in the Minden area in criticizing last Monday's strip show. It was not an event of which the community could be proud. But if council is willing to act as an arbiter of taste, it should go one step farther and register its disapproval of wet tee shirt contests, which are unquestionably puerile, degrading and exploitive of women.

Perhaps, as deputy reeve Ed Pergolas suggested, the strip show was merely an aberration, a testing of the waters that will not be repeated. Most people no doubt hope that is the case.

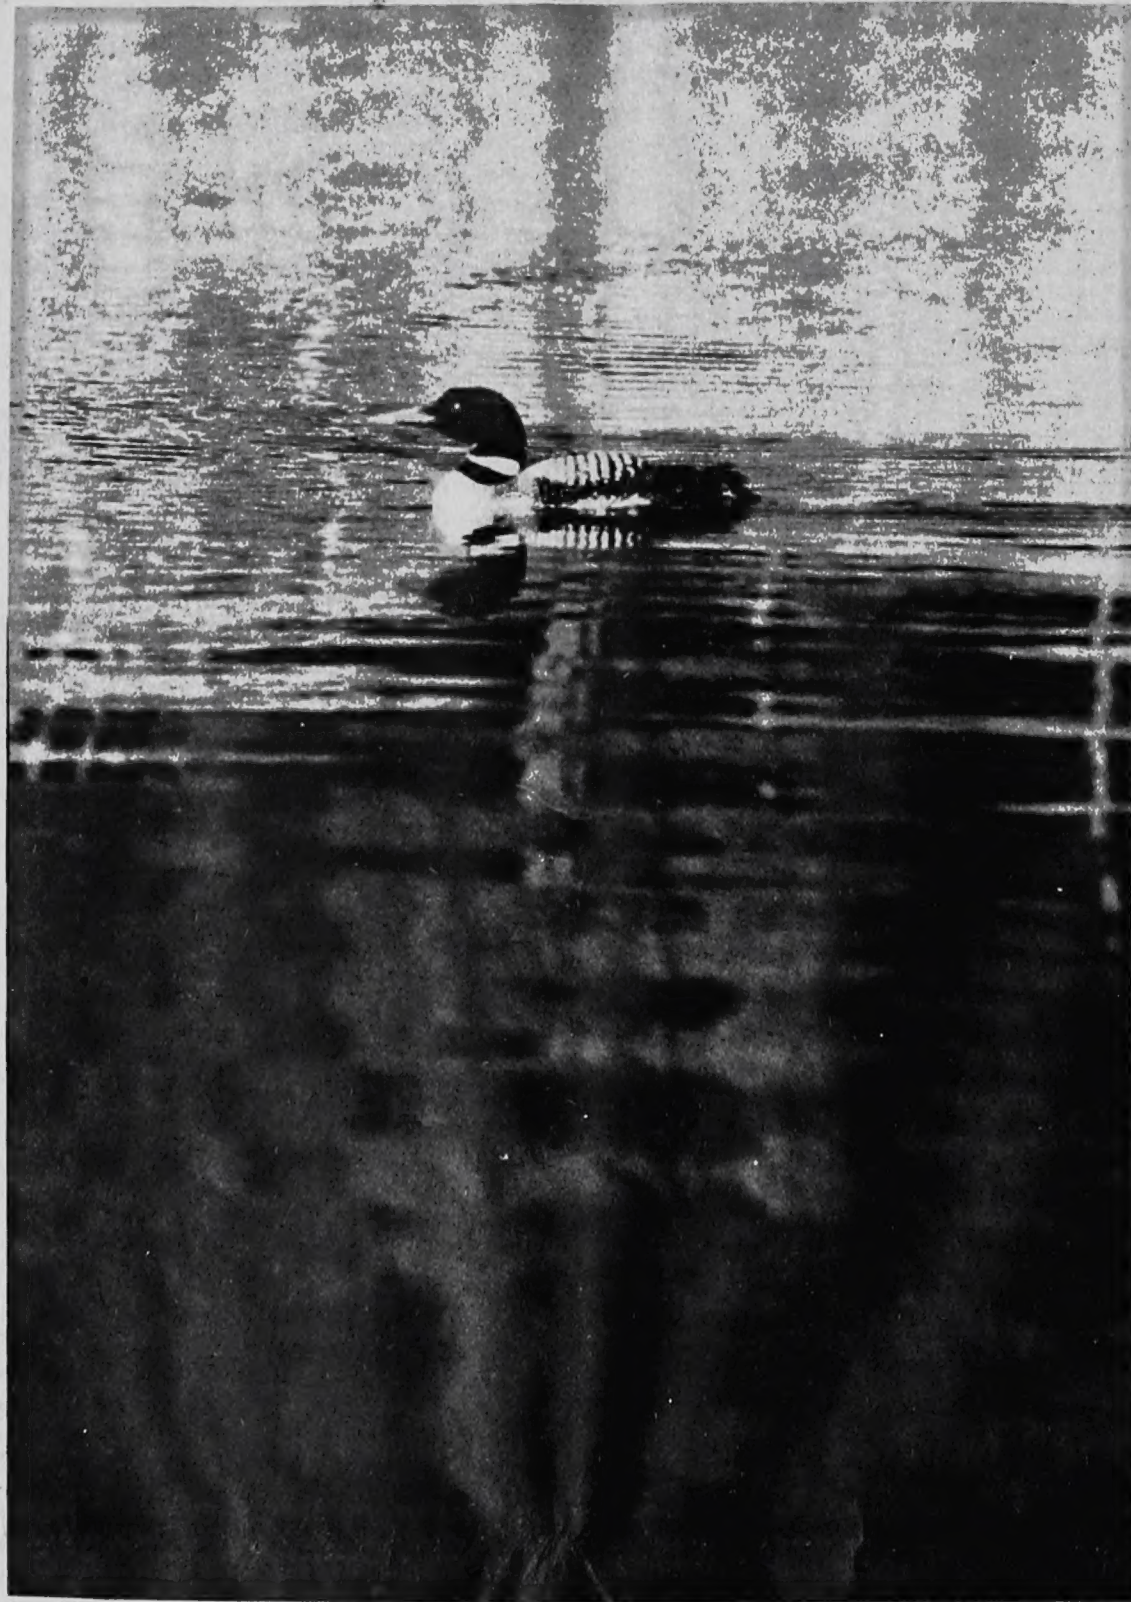

If it isn't, council could face the thorny problem of whether or not to pass a by-law banning nude, or nearly nude entertainment in the community. Such a by-law might be supported by the majority of people, but it would have to be very carefully considered, keeping in mind that the rights of a private businessman would have to be balanced against the rights of individuals to keep their community as free of negative influences as possible.

### Too small

Anyone who has had occasion to use the new Bell telephone directory for the area will be glad to hear that Bell is going to take a hard look at whether to retain the new, smaller type in next year's edition.

The old format was easier to read, and the old book for the area was hardly unwieldy. It is not reasonable to reduce the size of the type unless that reduction is necessitated by factors other than the less than \$400,000 that has been saved outside the metro Toronto area by the smaller format. And as Peterborough area manager Tom Harper has pointed out, Bell could end up spending more than it saved if people turn to directory assistance rather than the phone book for numbers.

Harper says Bell has asked for feedback from area managers about customer dissatisfaction with the new books. Anyone who thinks the old book was easier to use should call Bell's business office and say so.

### To the Editor:

Your August 24 front page article "Psychiatrist hits hard at government" was such a pitiable misrepresentation of my August 18 Rotary address that I first chose to ignore, but my Haliburton friends thought otherwise.

I have no reason to doubt that you're capable of honest reporting so I'm perturbed that your personal biases influenced you to write a front page editorial that completely sidestepped the issues covered in my speech.

You were given a copy of the most up-to-date draft of the speech six hours before the producer of the CBC's Fifth Estate, you were offered a tape recording of what was actually said right after the meeting and you refused it.

I agreed to a telephone conversation the day following and you used my informal remarks for the main body of your front page article downplaying my work.

Sensing that you were intending a misrepresentation of my speech I left the script and a tape with the president of your Rotary Club Friday, August 26 so people could know what I actually said.

Recognizing that most of your readers have an unbelievable faith in the printed word and knowing that you implied I was a friend of welfare "abusers" in your page four editorial on

"abuses" you should give me an opportunity to tell what I actually said when I have the time to write it.

Alan S. Davidson, M.D.,  
Bracebridge, Ontario

Readers wanting either a transcript or tape of the speech should write me at Box 2139, Bracebridge or phone my Haliburton answering service, 286-2240.

### To the Editor:

I would like to assure Ms. Boddy and Ms. Hansen that I was justified in my conclusions about the forthcoming NFB film. In order to do this, please allow me to quote from a 184-word article in the July 22 issue of the Globe and Mail from which I formed my opinion. It was entitled, "Abortion MD stars in NFB film." Excerpt read as follows: "Free on bail after police raided his Toronto abortion clinic earlier this month, Dr. Henry Morgentaler has been busy the last two weeks working as a film star. The Montreal surgeon is playing himself in a NFB docu-drama which recreates his personal fight to change Canadian abortion laws and his numerous trials and imprisonment in Quebec...One of a projected five-part series called Democracy on Trial...For Dr. Morgentaler on bail, the experience of

Can ordinary citizens do anything to stop the growing threat of nuclear war? The moderator of the United Church of Canada thinks so. Dr. Clarke MacDonald told about a hundred people who gathered for a 'peace' meeting in Minden last week that determined individuals banding together to put pressure on politicians can influence world events.

It is an optimistic view on a profoundly dark subject. MacDonald says he is convinced that the world is preparing for another holocaust on a scale so awesome it almost defies understanding. But he also believes that sanity will win out, that the arsenal which could kill every human being on earth will be dismantled.

His view is based on a conviction that no sane human, no matter what his nation or politics, wants nuclear war.

But the frightening fact is that not all leaders are sane, and not all religions assert the sanctity

of life. One has only to follow the antics of Libyan leader Colonel Quadaffi to realize that the greatest threat to peace may not lie with the United States, the Soviet Union or China, but with the brutal dictators of some of the world's poorest countries. Even if the Soviets and the Americans could agree on a formula to get rid of their nuclear warheads without tipping the balance of power, there would always be the possibility that Quadaffi, Khomeni, Arafat, Begin and men of their ilk could hold the world to ransom.

Still, MacDonald and other supporters of the peace movement have not given up hope. Faced with a choice between despair at the world's plight and faith in its salvation, they follow the only path that may give the world a chance, the path toward disarmament.

American novelist William Faulkner once said that he believed man would not only endure, he would prevail. Clarke MacDonald shares that view. All of us can only hope that he is right.

## Feir Play

Creighton Feir

There have been a great many changes made in the village of Haliburton in recent years and when former residents return to their old home town they are amazed to see what has been going on. Even some visitors who may be here for the first time are amazed at the progress that has taken place here in the last few years. This week a friend of mine told me that it wasn't that long ago that the main street of the village looked like something taken from a frontier town but that it's a far different story today. There are still many new houses being built and new businesses starting and some people tell me that we are just starting to scratch the surface. The progress that has been made here in the past few years is in part due to a dynamic Reeve Murray Fearrey, progressive councils and a sharp clerk-treasurer who along with his office staff are right on the ball. There are a few people who are against progress and hate to see anything change and they claim that we are growing too fast and losing our small town image. I personally think this is the last thing we should be worrying about. We need to grow with more businesses and more year round residents. We also must keep searching for small industry to employ people.

The Kinmount Fair "The Fair With the Forward Look", is all ready to go this coming Saturday and Sunday, September 3 and 4. Billed as one of the best small town fair's in Ontario the kinmount Fair once again this year with another outstanding programme will be living right up there with its billing. Thousands of people will be in Kinmount for the two days to see the excitement, entertainment, thrills and spills that go to make up this yearly event. Three of the big attractions to look for are the parade which gets underway at 12:30 on Saturday, the Car Demolition Derby on Sunday, supervised by the Trans Canada Hell Drivers and the Juno Award Winning "Family Brown" who will be appearing on the grandstand show on Saturday and at the dance in the evening. There will be many other great attractions too numerous to mention. Bill Scott, our local MP, has been a factor in the success of this event and is back once again this year as secretary. Austin Henderson is the president.

I think that most people are aware of the fact that the streets in Haliburton are named. It has been mentioned by several people that they are annoyed when local businessmen keep on calling the main drag Main Street in their advertisements instead of its proper name Highland Street. I think that it's great that the streets in the village are named and let's all make it a point to use these street names at every opportunity.

Congratulations are in order to Wig-A-Mog Inn who won first prize of \$50 for their lodge float in the recent Haliburton Rotary Club Summer Carnival parade. We were pleased to note that the money was donated back to the Crippled Children's Fund. Art and Joan Ward, owners of Wig-A-Mog Inn matched the \$50 and their guests contributed nearly \$100 for a total just under \$200.

I wish to take this opportunity to welcome Harman and Myrtle Yensen (nee Scheffee) back to Haliburton. They have purchased the home formerly owned by Allan and Beulah Cowen on Victoria Street. Congratulations are in order to Myrtle who celebrated her 80th birthday on Friday, August 19.

You know there is always good news and then there's always the bad news. During the summer we have heard a few good stories about people who have lost glasses, wallets and so on but have been fortunate enough to have some honest people find them and give them back. But this doesn't happen in every case. The bad news is the fact that if an article is left somewhere and it is picked up by a dishonest person then you can practically kiss it goodbye. Most of the time in the case of a lost wallet, it's not always the money that's the most important item, it's those important papers that are sometimes hard to replace. Just last week two young boys who are visiting here were swimming at the Rotary Beach and left their wallets on one of the picnic tables. After they had a dip in the water they returned only to find that the wallets were gone. We hope that they will be returned as there is some important cards and documents that they would like back. If the finders would return them to the Echo office we will see that they are returned to the owners.

Mrs. George Holland who lives on a farm on the Essonville Line near Tory Hill reported some very interesting news to the Echo on Monday. Around 4:30 p.m. on Saturday during one of the storms that hit the area Mrs. Holland heard a loud crack of thunder followed by lightning. She didn't pay too much attention to this but the second crack of thunder that followed the first one attracted her attention as it seemed to have a different noise and something just didn't seem to be right. On further investigation which took about an hour and a walk all around the farm everything seemed to be in place with no damage and no signs of fire. But on further investigation she noticed a dry elm tree away out in one of the fields that was surrounded by tag alder was on fire. She signalled for help and the fire was soon extinguished. Apparently lightning had hit the tree setting it on fire and splinters from the tree were lying on the ground.

## Pic of the Past

Thanks to Pete Valentine of R.R.1, Norland, Ontario for submitting this week's photo for our Pic of the Past. He writes: "With a few nippy August mornings as harbingers of fall,

can winter be far behind? With this in mind, we would like to attempt to dispel the rumours about Armand Bombardier. The first snowmobile was invented by Ed Valentine in the mid 1920's. This photo shows a prototype built in his Norland garage in the year 1935/36." Shown from left to right are Ed Valentine, Athol Rumney, Buster Courtemanche, Goldie McGinnis, Bill Valentine, Carl Puterbaugh and Floyd Fountain.

## From the Chamber

The annual meeting committee has announced the theme for this year's annual meeting. The meeting which will be held on October 19 will be themed "You, Haliburton County and the Future". It will feature seminars, displays, round table discussions, as well as the business session, films and dancing. More details will be announced in coming weeks as they become available.

Currently the office is in the process of converting our billing system from the anniversary method to the calendar year method. As a result all of the members of the Chamber will be receiving bills between now and December. Memberships will have to be paid by December 31, or members will not be listed in the 1984 directory, will cease to be a member at the first board meeting in January and will have to pay a \$10 initiation fee when they renew their memberships. Our 1984 directory promises to be bigger and better than ever as we plan to print 35,000 copies to meet the demand. This year we printed 25,000 copies and they are almost all gone.

The next issue of the Chamber of Commerce newsletter will be sent to members in mid-September. Anyone wishing to advertise in it or has suggestions for items to be mentioned in it should contact Frank McCarron immediately.

### To See and Do

On September 1 the Leslie Frost Natural Resources Centre will feature a free two-hour program entitled Wildlife and You. This will be a unique opportunity to meet a conservation officer and a biologist who will help you examine your relationship to wild animals. You will have a chance to walk around a unique trail which will help develop skills to enhance your enjoyment of wildlife. This program will begin at 1:30 p.m. and be over in time for the interpretive tour that begins at 3:30.

The Haliburton County Snowmobile Association will be presenting a weekend of racing on September 3 and 4. There will be snowmobile grass drag races and on September 4 there will be three wheel races. The entry fee is \$5 per class,

admission is \$2 with children under 12 getting in for free. Registration begins at 11:00 a.m. and racing starts at 12:30. It should be noted that there will be several classes of competitors to ensure fair and fun competition.

Also on September 3 and 4 is the Kinmount Fair. The fair with the forward look. The fair parade Saturday at 12:30 p.m. This fair feature

parade Saturday at 12:30 p.m. This fair features exhibits, livestock show, amateur show, entertainment, horse judging, a dog show, a pony show and horse and goat exhibits. Saturday night entertainment will be provided by those Juno Award winners the Family Brown. Sunday there will be a car demolition derby supervised by the Trans-Canada Hell Drivers. Admission to the events is \$3 for adults, \$1 for public school children, pre-school children are free, and cars are \$1.50.

If you haven't seen the show at the Rails' End Gallery Robert Bateman "a retrospective" you certainly should get down there before September 5. This extraordinary exhibition of Robert Bateman's works includes several current wildlife originals but also includes many works from his earlier days as a painter. Mr. Bateman's work has gained world renown in recent years due to its beautiful life-like accuracy. The gallery is open from 11:00 to 5:00 Tuesday to Saturday and 1:00 to 4:00 on Sundays. Guardian Drugs, Steve Bowskill, and Benjamin Film all deserve thanks for having brought this beautiful show to the Rails' End Gallery.

Continuing to September 6 the Agnes Jamieson Gallery is their showing of the Andre Lapine Collection. These works of art are taken from the permanent collection of the gallery. Forty-two paintings in the show were all left in the municipality by the late Frank Welch. The gallery is open from 10:00 to 5:00 Monday to Saturday and admission is free.

The Echo 457-1037

## As others see it

### From Environment Ontario's 'Legacy'

Since 1980, the U.S. news media have become increasingly interested in the acid rain problem. A good part of this awareness has been generated by Environment Ontario and Environment Canada invitations to U.S. journalists to visit the affected areas.

This new awareness is well reflected in the U.S. journalists' work. Many described their impressions in vivid -- and sometimes lyrical -- detail.

"Plastic Lake lay in stillness in this central Ontario region of heavy woods as a gentle shower fell from the clouds that had picked up sulphuric pollutants from the smokestacks of the Ohio Valley," wrote Michael T. Kaufman in the New York Times. "Except for the drops bouncing from the surface, nothing moved. There were no fish, no weeds, no crayfish. It was one of the thousands of dead and dying lakes of Canada."

Other reporters were more concerned with the effect of acid rain on people.

"Charlie Cameron, who has fished the waters of the Muskoka-Haliburton lake country in Ontario for more than 20 years, remembers that the pickerel went first. Then the lake trout disappeared and fishermen were soon trading wry jokes about going to the lake to drown worms," wrote Cass Peterson in the Washington Post. "But inside the cottages, and in the government buildings of Toronto and Ottawa, there is plenty of vocal anger and resentment..."

Other reporters went to quite a bit of detail in reports, published often as series of articles. Alan Emory wrote in the Watertown Daily Times:

"Marguerite Stimpson of Port Stanfield has found only one or two bees on her apple tree instead of the usual dozen. She blames acid rain."

"Rolf Uhde sees rainbow trout dying on his Milford Bay fish farm within hours after a big rain, and a bluish color tints the water."

Introducing legislation designed to establish a national program for acid rain control, U.S. Senator Daniel Moynihan requested that Emory's reports be entered in the Congress-

sional Record.)

But Emory and his colleagues did not stop with a description of the acid rain effects. They also published the findings and opinions of Ontario and Canadian experts and authorities.

"Officials here acknowledge that more is at stake...than the music of frogs in the cherished Muskoka cottage country," wrote Cass Peterson in the Washington Post. "Research increasingly indicates that harmful effects of acid rain also show up in plant life, and its effects on human health are a growing concern. The growing body of scientific evidence horrifies Canada..."

In some cases, Canadian efforts to draw the attention of the U.S. public led U.S. editors to look at their own environment.

"The suspect smokestacks are...thousands of miles away, but the stillness is right at our feet...This is a gorgeous Adirondack pond. The deep green spruce and the feathery cedars rim it almost completely...Along the shore is where the big trout should be jumping. Instead there is only stillness..." wrote Bob Tall, outdoor editor of the Syracuse Post Standard.

The repeated and as-yet-unresolved discussion of changes to the U.S. Clean Air Act in the U.S. Congress provided U.S. journalists with another opportunity to discuss the acid rain problem.

Russel W. Peterson wrote in the Newport News, Va, Press:

"A gang of modern-day buffalo hunters has been appointed to protect the nation's air, land, water and wildlife...The battle centers around the Clean Air Act, up for revision...Much acid rain afflicting our lakes can be traced to coal burning power plants that are exempted by the Clean Air Act. Congress must mandate proper controls for these plants."

But while they are sympathetic to Ontario's acid rain problem, many U.S. journalists also realize that there is no simple solution.

"When Canadian and U.S. scientists...look for the villains in the acid rain problem, their eyes fall on...dozens of coal-burning power plants that line the coal rich Ohio Valley," wrote Cass Peterson in the Washington Post.

## Letters

from page 4

starring in a film about his own life seems "terrific fun".

Two questions should be asked. #1. Would Morgentaler star in a film that would present incriminating evidence against him to the public or rather, would he consent to star in this film because he sees in it an excellent opportunity to propagate his own philosophy? #2. Why does the NFB, overseen by Francis Fox, himself involved in a scandalous abortion, see fit to spend large amounts of the public's money to assist Morgentaler to "recreate his personal fight"?

My objection again stated was that the NFB should not use public funds to promote a cause that only one segment of the population favours while at the same time undermining the intents and purposes of another large portion of our society. Let readers judge for themselves whether or not this is happening.

Secondly, I share Ms. Hansen's concerns about our socio-economic plight, but I am totally unconvinced that abortion clinics flourishing in our province to kill even more babies is the answer. The irresponsible use of the world's resources and the imbalance between the 'haves and the have-nots' is not righted by destroying the unborn, "abus non tollit usum" - abuse does not abolish right use. The evils of manipulation, exploitation, immorality, selfishness and greed should be corrected...the unborn should not be the scapegoat!

Thirdly, since when does being 'male' rob one

of the right to care and to speak out against injustice -- namely the denial of choice and life to the unborn. As a member of this society, I am deeply affected by its inhumane, callous and expedient attitude towards 'inconvenient' babies and I fear that this attitude will soon expand to include all unwanted members of our society -- the aged, the handicapped, the infirm and who knows what other categories might fall prey to this mentality.

Finally, the solution to a crisis pregnancy is love, care and compassion directed to both the mother and the unborn baby. I for one would be more than prepared to give and to help in this way.

Yours sincerely,  
D. Waterhouse,  
R.R. #1, Highland Grove, Ontario

### To the Editor:

A very, very, informative and detailed expose you have given vs. laymen on the time-consuming and exciting work involved in putting out each week's copy of the Echo.

It was a masterpiece of informative reading - thank you!

I'll now know, when I pick up my weekly copy of Kinmount, on the way through to the cottage or, in "the village" while shopping, the hours and technology involved in what I read and what I learn of what's going in "the Highlands"!

Safe at first

## Guilford takes Minden in final round of women's league with 8-4, 11-1 win

by LORI DEAN

It has been two weeks since this column has appeared so here's some catch-up news on the Haliburton County Ladies League.

West Guilford eliminated the Haliburton Srs. in a very exciting game that saw Haliburton take a 9-1 lead in the second inning. Defensively they fell apart, however, and Guilford came roaring back in the third and fourth innings scoring 10 runs. After that both teams settled down in the run department and it was three up, three down the rest of the way.

Haliburton made a valiant effort in the seventh but it came too late. Guilford won the game 10-9 with some good batting from Bev Sisson, Mary Barry and Charlotte Barry.

Kim Roberts and Wanda Scott had a good night at the plate for Haliburton.

Nancy Maughan and Lyn Winans shared the loss while Joan McKay picked up the win.

**'A' Division final**  
West Guilford's win in the series against Haliburton

three straight paved the way for the A Division Championship round against Minden Dixie Lee.

In game one both teams were tied at 2-2 after the first inning. Guilford got four more on the top of the second and never looked back. They went on to win 8-4.

They were led by Michelle Rosenberg and Bev Sisson.

Minden came back in fine style in game two, hoping to tie the series, but it was not to be as the red-hot Guilford team defeated them 7-4.

Both teams played a good game and lots of local fans were out to support them.

Gail Teasdale and Mary Barry had a good night for Guilford. Sue Pye scored two for Minden.

Anne Hewson and Nelda Cully shared the loss while Joan McKay took the win.

In game three it was no contest as Guilford thumped Minden Dixie Lee 11-1. Nelda Cully scored Minden's only run in the fifth.

The Guilford team was led by Cheryl Cooper and Michelle Rosenberg.

Joan McKay got the win while Anne Hewson was tagged for the loss.

**'B' Division final**

In the B Division the two junior teams started their play-offs last Monday night.

The Haliburton Jrs. were involved in a game with the Minden Jrs. when fog in the outfield stopped the game in the fifth inning. Haliburton were never really in the game as Minden picked up a big lead in the first and second innings.

Batting well for Minden were Kim Sinclair and Lori Dunham with Terry Dillon hitting a home run. Marla MacNaull hit a homer for Haliburton.

Final score was 27-16 for Minden.

Game two of the B Division was not officially reported but rumour has it that Haliburton won 22-4. One highlight of that should be mentioned was a grand slam home run by Marla MacNaull.

## Soccer team ends season after steady improvement

by JIM MILNE

The Dixie Lee soccer team finished the regular season last Sunday losing to Muskoka Sunday 4-2. The Muskoka team are all young players and Dixie Lee couldn't keep up in the second half. The home team opened the scoring, however, on a nice goal by Rennie Carson who fought off tight marking in a crowd

to send a quick shot into the net. After Muskoka tied the game Ivor Thompson put Dixie Lee in front again with a good shot on a penalty kick. The first half ended in a tie which was indicative of the play to that point.

Dixie Lee's first regular season has ended with the team in seventh place in the eight-team league probably one point behind the sixth

Please turn to Page 7

## Title may be decided in second game

A hard-charging Haliburton Kinsmen team upset Haliburton Lumber in their best two out of three semi-final series, then lost the opening match of the final against Beachli Construction.

The Kinsmen finished the regular season in fourth place behind Curry Motors, who were eliminated by second place Beachli Construction. Few fans expected the Kinsmen to give much trouble to league-leading Haliburton Lumber. But the Kinsmen put on a surprising show of strength, coming up with hits when they needed them most.

With the series down to a sudden death final, both teams went into last Tuesday's game under pressure, but the Kinsmen's underdog position may have given them the edge.

The Kinsmen led off at the plate and quickly fell behind with two outs. Dwight Sisson kept the inning alive with a single, however. Kevin Finch hung in for a walk, and the Kinsmen were threatening.

Bernie Upton engineered the first run of the game when he pounded out a single that scored Sisson. With the pressure now on, Greg Bishop stood in for the second walk of the inning, and the bases were loaded.

Steve Bishop was next up, and he connected for a single that scored Finch, but Upton was caught trying for the third run and was out at the plate to retire the side.

Haliburton Lumber also fell behind in the inning with the first two batters out, but Earl Bull notched a single to start a drive. Jim Winn was safe on an error, and an error at shortstop put Art Dawson safely at first and allowed Bull to score.

Kevin Newell then sliced a single that scored Winn and the game was tied.

A grounder to third base off the bat of Doug Rupay ended the inning for the lumbermen.

The pattern of the first inning might have produced a high scoring game, but both teams knuckled down to pitch and field the other side out of contention if they could. And while the Lumbermen had the edge in the hitting department, neither they nor the Kinsmen brought anyone across until the bottom of the sixth, when the lumbermen's Barry Boice started a drive with a lead-off double. Bob Johnston followed with a single, and Boice then made it home to give the lumbermen the lead.

With two men out, Jim Winn banged out a triple that scored Johnston and the lumbermen were in front by two.

The Kinsmen were undaunted however, and came storming back in the top of the seventh.

With one out, Scott Cook hung in for a walk, then Brian Mulholland singled. Bill Mulholland struck out, and the lumbermen appeared to be regaining control. With Dwight Sisson at the plate, the lumbermen decided to walk him and load the bases, hoping for the force out. But the move backfired. Kevin Finch came up with a triple that scored Cook, Mulholland and Sisson, putting the Kinsmen ahead by one run.

The lumbermen had to score in the bottom half to keep their hopes alive, but they failed to do so, as Mike MacNaull was left on first after a two out single.

The Kinsmen's upset win

was the result of superior hitting rather than luck, and set the stage for a final series that could go either way.

**Final underway**  
Thursday night, the Kinsmen took to the field against a well-rested Beachli Construction Club in the championship opener, and discovered that the competition would be tough.

After a scoreless first two innings, the Kinsmen surged into the lead.

Scott Cook got the drive going with a one out single. Brian Mulholland followed up with a double, then Dwight Sisson hit a ground rule double to score Mulholland and made it home himself on errors in centre

# Pinestone Inn holds members' tourney over the weekend

Betty Dawson had the second lowest gross score in the ladies division of the members tournament at PineStone Sunday.

Tran LaRue won two gold tickets for a game at Maple Leaf Gardens for having the lowest young men's score.

Art Ward won the Bromo Seltzer award for sportsmanship

Dave Tuck won the men's trophy for the lowest gross score. He shot a 37.

Murray Rockford of the PineStone Inn is shown presenting Anne Ptolemy with the trophy for the lowest gross score among the ladies in the annual members tournament on Sunday.

## Soccer playoff coming up

from page 6

place team Orillia City. They have eight points from three wins and two ties having played 14 games. They have had 18 practices averaging about 18 players each practice including two or three people who turned out just to scrimmage with the team each time.

The team has improved steadily. After being outscored in the first seven games, 27 goals to 6, statistics in the last seven games were 21 goals against the 16 goals for.

The team will play a sudden death playoff game against the third place team, probably Huntsville, this Sunday, September 4.

When the playoffs are over the team plans to organize some exhibition games in mid-September against Peterborough or Haliburton high school teams.

The practice will be in Haliburton on Thursday.

# Kinsmen pressing for an upset win

from page 6

field and at third base. The builders answered in the bottom of the third with three runs.

Mark Schell got safely on through an error at first base to start the builders off in the right direction. Kevin Sisson also hit into a series of errors, and with two men out, John Robinson connected for a double to score Sisson. Schell having already made it home on previous at bats.

Duff Mitchell was safe on an error at third, Robinson scored for the third run of the inning, and Wayne Speicher was safe at first on an error before the Kinsmen threw Dave Nicholls out at first to end the builders' threat.

Kinsmen batters were unable to bring anything across for the rest of the game, managing only two hits through the remaining four innings.

The builders came up empty in the fourth and fifth, but in the sixth, Mike Carpenter singled and Mark Schell slammed out a home run to score Carpenter, giving Beachli a 5 - 2 lead.

And that's the way the score ended up, as the Kinsmen were out quickly in the top of the seventh.

The second, and possibly deciding game of the series was set for Tuesday night. If a third game is necessary, it will be held Thursday night.

## The Whitby Dunlops made the nation proud

The streets were empty as millions tuned radios to Foster Hewitt's play by play

by LEN PIZZEY  
Echo Editor

Twenty-five years ago, on an afternoon in March, the Whitby Dunlops made hockey history. A senior A club, they had won the 1957 Allen Cup, symbol of amateur hockey supremacy in Canada. By March 9, 1958 they had taken 10 straight games in the world cup competition in Oslo, Norway. Only the Russians stood between them and the world championship.

Wren Blair, who is now director of player personnel for the Los Angeles Kings, was the manager coach of the Dunlops. He remembers the tension his players felt as they got ready to take to the ice for that deciding match. And he remembers the long road that had brought them from the lowly town of Whitby to the pinnacle of world hockey.

The Dunlops had been a senior B team, but when they moved to Whitby in the 1955-56 season they became a senior A club. The following year, they won the Allen Cup.

"In those days, when you won the Allen Cup, it didn't automatically qualify you, but it did give you almost first right of refusal to represent Canada" in world competition, Blair recalls.

In the spring of 1957, Blair presented a 16-page brief to the Canadian Amateur Hockey Association stating why the Dunlops should be sent to the world championships in Oslo. The association voted unanimously in favor of the Dunlops, but the decision was criticized by some people in the hockey world, who doubted a senior A club could do the job.

The Russians had burst onto the world hockey scene in 1954 and won the world championship. The next year, the Penticton Vees represented Canada and took the title back.

Most Canadians felt that the Vee's had shown the Russians who held the real power in hockey. But in 1956, another Senior A club, the Kitchener Waterloo Dutchmen, carried Canada's hopes to the Olympics at Cortina, Italy and were badly beaten.

These smiling men were members of the world championship Whitby Dunlops. They spent a day at PineStone last week as part of the 25th anniversary

celebration of their achievement. Wren Blair, sixth from right, who is an owner of the PineStone, was the team's coach.

"By this time, Canadians didn't know what was the real strength of our hockey world," Blair remembers. "It was very unnerving, because now a Senior A club, and the Allen Cup champions, had been defeated".

"The Canadian world was totally divided, saying that a senior A team is not good enough".

Canada and the United States did not send teams to the 1957 world championship, in protest over the Soviet intervention in the Hungarian uprising. So when the Dunlops boarded the liner Queen Elizabeth for the voyage to Europe, "it almost felt like a mandate from the Canadian public to get your behinds over there and win this thing back, Blair says. "And you know the feeling was that if you didn't win, you could just jump in the North Sea and stay there".

The Dunlops were not untested against the

Soviets. The year before the Russians had sent their top team on a North American tour, and the Dunlops had faced off against them at Maple Leaf Gardens on November 22, 1957. The game was a complete sellout.

The Russians wasted no time. "They scored in the first minute of play, and they scored in the second minute of play" Blair recalls, "and all I could think of on the bench was 'a goal a minute! This game's going to be 60 to nothing'."

"There was a lot of tension. Our guys didn't know whether the Russian hockey team had two heads, or arms, or what to expect".

"And when they started rapping them in like that, our guys were standing there watching them in amazement."

Blair went up and down behind the bench telling his players: "Look, we've got 16,000

people here who've paid an average of eight or nine dollars apiece to see this team, but I have a feeling that we have 18 more guys who are just sitting here watching like them. Which is okay by me if that's what you want to do, but at least have the decency to get up off this bench and go to the box office and pay your admission the same as the rest of the people and we'll all watch the game. Otherwise, let's start hitting these guys".

The message got through. The Dunlops settled down, and halfway through the period they took control, slamming in five goals before the buzzer sounded. They scored another in the second

### The Russians 'played possum' in Toronto

period, and one more in the third to win the game 7 - 2.

It was the only game the Russians lost on that tour, and it gave the Dunlops confidence heading into the Oslo series.

But looking back, Blair thinks the Russians may have known what they were doing that night in Maple Leaf Gardens.

"They were playing possum with us a little bit, in that game in Toronto, because they knew that they were going to play us later".

The Dunlops warmed up in Europe with 16 games against various teams, then took ten straight in the Oslo tournament.

Interest in the match was tremendous. "We'd gone through the tournament undefeated, and so had the Russians, so it just came down, head to head, for that one game, one day, forever," Blair says.

Telegrams poured into the Viking Hotel in Oslo where the Dunlops were waiting out the last hours before the game. There were two bushel baskets full of them, Blair recalls. Prime Minister John Diefenbaker had sent one. So had the premiers of every province. There were messages from nearly every major company in the country, and

# An emotional scene when the Dunlops won

from page 8

thousands from ordinary citizens. And the tone of those telegrams was clear. The Dunlops had to win for Canada.

The game would be broadcast on radio to nearly every community in the country, with Foster Hewitt calling the play by play for the CBC network. It was seven p.m. in Oslo, one p.m. in Whitby. Blair's mother told him later that in Nearby Oshawa, "there wasn't a soul on the street anywhere, no cars, just a few cats and dogs, like a deserted city."

By the opening whistle almost every ear in Canada was close to a radio. Feeling the pressure, the Dunlops were wound up tight. But the Russians were confident, and within minutes, they were ahead one to nothing.

"That really shook our team up," Blair says. "And then right after that we got a double penalty."

"And when they scored a goal you didn't come back on. They could have scored five goals on those penalties."

The Dunlops could almost see the glee on the Russians faces. The Soviets were sure that if they could score again, they'd have the Dunlops beaten.

But the Canadians dug in and held the Russians

off. Confidence began to build.

The Russians clung to their single goal advantage through most of the second period, but with about two minutes left on the clock, Bob Attersley tied the score.

Early in the third, Connie Brodden put the Dunlops ahead 2-1.

"But about three minutes later the Russians tied it," Blair says. "And it stayed 2-2 right down to three minutes left to go. I could hardly watch the game."

Both sides were going end to end. Finally, one of the Russian's star players, Alexandrov, broke into the clear from centre ice.

"I didn't even watch," Blair recalls. "I said to the guys, 'Let me know what happens'."

Alexandrov had pulled goal tender Roy Edwards well out of the net, but the shot hit the crossbar. The puck bounced out and Bob Attersley got hold of it, wheeled down the ice and scored.

"We came back to centre ice - we'd been struggling all that time to get even - and faced off, and Attersley grabbed the puck again and went streaking right in. Bus Gagnon, his winger, came flying in from the other side and pulled the defenseman, threw it across, and 15 seconds after the third goal we scored again."

"We figured we had them. It was down to about two minutes now. I couldn't keep the guys

on the bench. They were running on the ice and grabbing each other."

"I can always remember when the game ended. In the world championship at the end of every game they have both teams on the blue line and they play the national anthem of the winning club."

"They slowly ran the flag up as they played Oh Canada. All of a sudden I could hear a murmuring of words being sung and gradually every player on our team was booming out on the blue line. The tears were running down their faces. It was really an emotional scene."

championship in a clean sweep."

The next year they won the Allen Cup again.

Goal tender Roy Edwards went on to be a prominent member of the Detroit Red Wings. Ted O'Connor, one of the Dunlop's premier defensemen, was offered a two-year, no-cut contract with the Leafs but turned it down.

Harry Sinden, who is currently general manager of the Boston Bruins, turned pro the next year, as did Blair, who got the job of general manager for the Boston Bruins' farm club in Kingston, which played in the eastern pro league. Bob Attersley and Alfie Treen played with Kingston

## The Dunlops were the last team ever to win in a clean sweep

Back in Oshawa, and across the rest of the country, doors burst open, people thronged the streets to celebrate the Dunlops' victory. Roads into Whitby were backed up for miles and many people, including Blair's parents, couldn't get into the town.

The Dunlops had proved that Canadians could still play the game as well or better than anyone else. They were, in fact, one of the best amateur hockey teams in history, and Blair says that they could have held their own against many of the teams in the NHL of today.

"We were the last team ever to win a world

for a time.

Connie Brodden came home from Oslo and joined the Montreal Canadiens in a Stanley Cup series which they won.

A year later, Charlie Burns made the Detroit Red Wings at training camp.

Time has changed the young men of the 1958 Whitby Dunlops. Two of the original team are dead now, and most of the rest are a little greyer and a little heavier than they used to be.

But for Wren Blair, Bob Attersley, Harry Sinden and the others, the memory of that proud day in Oslo is as bright as ever.

## Sponsorship of race may have to change

The organizer of the Heineken Yard Road race is stepping down from the job, but hopes the race will continue to be held.

Ian Sainsbury, whose company represented the Dutch brewery in Canada, has been the driving force behind the 7 kilometre foot race which attracts some of the country's best distance runners to Minden each July. But Heineken beer will now be marketed by Amstel Breweries of Hamilton, a wholly owned subsidiary of the Dutch company, and it is not known whether Heineken will continue to sponsor the race.

As well, Sainsbury says he expects he will be too busy next summer to organize the race, which this year attracted more than 330 runners.

Sainsbury says the future of the race "really depends on the sponsorship coming through". He says Amstel will have to decide if it wants to have the Heineken name associated with the event, and says "I haven't talked to anyone from Amstel yet".

Sainsbury says he'd like to see the race continue "as named".

"There just aren't that many races going on

in the province" at that time of year, Sainsbury says. "It has become a bit of a classic in the minds of the running community".

If the race is held again, Sainsbury says he thinks the route may have to be changed. In the past runners have started at Onandaga Camp and finished in the village of Minden, but the sheer number of runners, and the narrowness of the road, have made traffic control a problem, even though the OPP and the municipality have assisted keeping vehicles away from the runners.

Despite the fact that Sainsbury's company will no longer represent Heineken, he says he is not going to abandon the race altogether.

"Something is going to happen next summer," he says.

Anson, Hindon and Minden council, which was informed of Sainsbury's decision in a letter, noted that another brewery may be interested in sponsoring the race if Amstel withdraws Heineken sponsorship.

## by THE HAPPY GANG

On Monday mornign we gathered together to welcome Ivy back and to introduce her to our new Happy Gang member David Steinberg. It was also decided to begin writing this column again with help from the whole gang. We also planned trips to go on and parties to have.

In the afternoon we cobbled corn donated by Susa Swinson. Thank you Susan, we had it for dinner and it was delicious. We also worked on the clowns we have been making.

We would also like to thank Debbie Carpenter for the lovely beans she gave us.

On Tuesday morning we baked the cake for the birthday party; we decided to have an applesauce cake which turned out beautifully. In the afternoon we played Bingo. Sible Hunt, Krista Rydman, Kristian Creelman and Dean Fyfe were on hand to see that we didn't miss any numbers.

Sylvia Gilbert and Hazel Parish put a pot of beets on the stove Wednesday to make beet pickles. Thanks Ivy for bringing in the beets for us. We had them for lunch on Friday. Also on Wednesday a man from Oshawa set a mini store up in the craft room for us to purchase such items as jewellery, watches, pens and nick-nacks of all sorts.

Thursday morning we had Fun and Fitness. Jack Pollard assisted Ivy to make sure we had fun and good conversation. After our workout we enjoyed drinks of juice which left us refreshed. In the afternoon we had a birthday party for Vera Griffin, Jack Pollard, Kay Walker, Chris McCrea, Shirley Frost, Lucy Woodcock, Clifford Johnston and Wallace Allison. The cake was delicious and the music delightful with Betty Salvatori playing piano and Marina Maughan singing.

On Friday morning we had a devotion service held by Rev. John Phillips and in the afternoon we watched two movies being 'A Flight of Fantasy' and 'Boy meets Band'. We also wished John Sisson a good time as he left

on a week's holidays with his friends Mr. and Mrs. Ross Warburton. **Monday, Aug. 21 to Friday, Aug. 26**

To start the week rolling, we all met around the piano to sing and enjoy the music played by Jan Shipley. In the afternoon Lillian Hague and Elsie Watson assisted the women with their quilt which we will be selling tickets on when it is completed. Betty Morrow was the lucky winner of the last quilt we made.

Gwen Hughes and Sible Hunt were on hand to see that we played a fair game of bingo on Tuesday afternoon. Ray Smith called the numbers out for us and Ivy had prizes on hand for when we won. After dinner, we got dressed in a sheet ready for the toga party. There were seven of us, Shirley Frost, Beryl Morrow, Ray Smith, Clifford Johnston, Harold McKelvey, Hazel Parish and one of our newest staff members, Sheila Maas. Lucky for Sheila that she had her uniform on under her sheet for when she was up for a dance her sheet fell off. The music was great, for Earl Cooper played the mandolin, his son Allan played guitar while his wife Ellen played piano. Earl calls it good old

West Guilford music. We are looking forward to them coming back. For a little lunch we had cheese, assorted crackers, grapes, and tomato juice with celery sticks.

Mary Hannah, Les Hughes, Marion Curry and Ivy drove Ron Pearson, Beryl Morrow, Jack Pollard, Harold McKelvey, Hazel Parish, Ethel Lowes and Alice Hartle to Locarno-on-the-Lake for a delightful lunch on Wednesday.

When we got back, Sylvia Gilbert, Hazel Parish, Vera Griffins, Lila Simmons, Ray Smith and Jim Allan decided we should make some muffins for our bus trip to Cullen Garden next Wednesday. They turned out great and we can hardly wait to eat them.

Thursday morning, we all gathered in the craft room to do our exercises and write this column, then headed outside for a barbeque. It was a lovely day, and for lunch we had hot dogs, cole-slaw and melon.

Lieutenant Buell came in Friday morning for devotion service and in the afternoon we watched two movies, 'Song of Seasons' and 'Estuary'.

## Wedding announced

Mr. and Mrs. J.B. Trepanier of Minden are pleased to announce the marriage of their daughter, Donna, to David K. Conacher, son of Mrs. Dorothy Conacher and the late Lionel P. Conacher, M.P., of Toronto, on July 22, 1983.

## Senior League

by Bert Harrison

**at Hyland Crest Home**  
So much has happened this last week here at Hyland Crest, to tell you all about it we will do our best. Now that Minden Fair is over (they had two lovely days), we have Arnie Wright back after two weeks holidays. The office seems lonely when Arnie is away. Olive Hamilton did a fine job to keep everything in line and Betty Hardy came on weekends, which was really fine.

Sunday afternoon in the auditorium we had a birthday party for Eliza Chalmers. It was her 80th year, this lady we hold most dear. Many came with all good wishes, which was good to see, including her family and her son-in-law, Bill Scott, our worthy M.P.

At the chapel service Sunday night Harold and Ruth Thomson were there. Ruth to play and lead the singing. Harold to read the lesson from Matthew and also offer prayer. Rev. Burgess spoke on, "Jesus said, 'Unless you confess your sins and become as little children you will be too late and will never enter Heaven through the pearly gates'."

Doris is away for two weeks holidays. Linda is holding forth while Doris is away. Monday morning down at fun and fitness, I will give you this news, Carrie Jones won at pitching horse shoes.

Mr. and Mrs. Loyne Cox, who have spent the last six years in Port Perry have retired, to their Minden home returning. Mrs. Cox thanks her brother Aubrey for keeping the home fires burning.

Lieutenant Buell of the Salvation Army, Haliburton, held a very impressive service in the chapel this August 23 day. Agnus Taylor came again the music to play. We thank you both for coming. We would like to say.

We extend our sincere sympathy to Rowbotham and Coulter families on the recent loss of dear ones.

Tuesday afternoon instead of cards, there was bingo. Some say they had real good luck; we didn't go. Tuesday night is music night. Fred Ballard was to put on the show, but he took a kink in his poor back and so he couldn't go. So Mrs. Rose and I decided we would give it a try. We played some really snappy tunes like "Coming Through the Rye". Gordon Ruttle here at Hyland Crest had his granddaughter, Chantelle McKnight as his special guest. We had a busy time here on Thursday. First we went to the auditorium for a chest X-ray. If we could stick out our chests, they didn't say.

Then beginning at 9:30, Linda showed as a two-hour movie, "The Wilderness Family". This was a movie that was good to see. Thursday afternoon, to keep everything alive, the tea party was served by the ladies of Club 35. They also brought a delicious birthday cake of which we did all partake, including our activities directors, Linda and Doris. We thank the ladies for coming and doing all this for us. Our entertainers come each Friday afternoon. They need a real hand.

Mrs. Shuyler is in Minden hospital. Just what is the matter seems to be a riddle. We hope she will soon be able to return to us again -- we miss her at the table.

There was a young lady of Lynn. Who was so excessively thin. That when she essayed. To drink lemonade She slipped through the straw And fell in.

## Obituary:

John Ritchie Moore

John Ritchie Moore died suddenly at Wawa, Wednesday, August 10 in his 44th year. He was the husband of Sharon Howe, and father to Peter and Thomas. He was the son of Lloyd and the late Vera Moore, and brother of J.K. (Jim) Moore of Powassan.

The late John Moore was born in Kirkland Lake and spent his early years in Parry Sound and Haliburton, Ontario, moving to Wawa, Ontario in 1972 where he was

employed by the Algoma Steel Company.

He rested at the Paul Funeral Home in Powassan, where the funeral service was conducted by Rev. Vic Brown and assisted by Rev. John Smith of Haliburton, on Saturday, August 13, 1983 at 11:00 a.m.

Pallbearers were Cecil Bailey, Craig Wilde, Eddy Latoski, Rev. John Smith, Elwood Moore, and Bill Johnston. Interment was at Nipissing Cemetery.

## Information Centre News

by Ruth Foster

As the new manager of the County Information and Referral Centre I would like to start my first column off with a reminder as to what we do here. We are a local organization staffed by paid and volunteer workers. We help people find solutions to social, legal, health, governmental and environmental problems by either providing information or by referring enquiries to the appropriate service within the county or elsewhere. This service is free and confidential and available to people of all age groups. Another of our services is this column which Leo

Dobrzensky started and I will be continuing.

Now with that in mind, Did You Know That... Even though the leaves are still green and the lakes are still warm, now is the time to start thinking about how to heat your home or building this winter? Today we have six choices of major alternative energy sources for heating. They are as follows: natural gas, electricity, wood, propane, solar or wind. All of these sources are eligible for the Canada Oil Substitution Plan (COSP). This means that providing

you meet the qualifications, you may receive up to \$800 back from the federal government for the conversion. Some of the qualifications are: that you must delete your oil-fired system or cut its consumption by at least half. This applies to single-family residents or individually heated buildings such as, farm buildings, churches and schools. This is a good reason for switching from oil to a substitute source if you have been considering it. We have the "Still in Oil" booklet in our office which details this information.

Please drop-in to the Drag River Municipal Building, across from Emmerson Lumber in Haliburton, or call us at 457-2733. Cardiff, Dorset or Kinmount residents may call collect. Our office hours are Monday to Friday, 10:00 a.m. - 4:00 p.m. And remember, you will never know the answer until you ask the question.

## Haliburton County Board of Education minutes

from page 2

Julie Hunter reported on the hiring of a half-time custodian for the Haliburton school complex. Thirty-eight applications were received and four people interviewed. The committee recommended the hiring of Rocky Roberts for the position.

Hunter also reported on the hiring of teachers' aides for the Victoria Street and senior elementary schools. Approximately 20 applications were received and six people interviewed for the three positions. The committee recommended Mrs. Jean Pollard - 9 a.m. to 12 noon - Senior Elementary School; Miss Virginia Pickett - 12 noon to 3 p.m. - Senior Elementary School; and Mrs. Patricia Slavik - 6 hours per day - Victoria Street Elementary School.

It was resolved that the Haliburton County Board of Education ratify the hiring of: Mrs. Minnie Austen - half-time custodian at the Archie Stouffer Elementary School, commencing July 4, 1983; Rocky Roberts - half-time custodian at the Haliburton Schools, commencing August 8, 1983. These employees will be governed by the board's salary agreement with local #142 of CUPE.

It was resolved that the Haliburton County Board of Education ratify the hiring of: Mrs. Jean Pollard, teacher's aide, Senior Elementary School - 3 hours per day (9 a.m. to 12 noon); Miss Virginia Pickett, teacher's aide, Senior Elementary School - 3 hours per day (12 noon - 3 p.m.); Mrs. Patricia Slavik, teacher's aide, Victoria Street School - 6 hours per day. All the above

employees will be paid at the rate of \$5.50 per hour for hours worked. There are no fringe benefits with these positions.

The Haliburton County Board of Education ratified the hiring of Miss Karen Franke as part-time secretary for the Haliburton County Children's Services Case Co-ordination Programme, commencing July 11, 1983. Wages are to be \$5.00 per hour on a contractual basis as previously approved by the board. There are no fringe benefits with this position.

The board ratified the hiring of Mrs. Cynthia Rowden as half-time Kindergarten, teacher and principal's relief teacher at the Wilberforce Elementary School (total 70% contract) for the school year 1983-84 to replace Miss Barbara Lewis who is on a one year's leave of absence.

The Haliburton County Board of Education agreed to grant a leave of absence for Miss Lynn Graham from the secondary school from October 1, 1983 to July 31, 1984, provided there is a suitable replacement.

The board hired Mr. Nicholas Lehoczy of Eagle Lake, Ontario to provide transportation for Theresa Muir from Haliburton Lake to Victoria Street School. Mr. Lehoczy will be paid for days worked at the rate of 38.8 cents per km., commencing September 6, 1983.

Expenditures for the month of June, 1983 in the

amount of \$921,527.95 were approved.

Expenditures for the month of July, 1983 in the amount of \$455,726.38 were approved.

Stan Baker presented a new policy for transportation by cars which the board considered and approved as amended. The board accepted the draft policy for transportation regarding drivers and vehicles other than school buses and agreed that it be enforced as board policy as amended.

The Haliburton County Board of Education approved a charge of \$50 per student enrolled in the Computer Course offered by Sir Sandford Fleming College. This fee will be payable to the Board of Education (for the school year 1983-84).

The board considered a request from Ms. Barbara Bolin to officially appoint a representative to the Hospitality Training Committee. It was decided that Mrs. Nancy Stinson would be the representative. Meetings will be held on the third Thursday of each month from 9 a.m. to 10:30 a.m.

The board granted Mrs. Julie Kennedy maternity leave for the school year

1983-84.

Minutes of the June, 1983 meeting of the Haliburton County Board of Education were accepted as circulated.

The Haliburton County Board of Education raised the remuneration for board related travel from 20 cents per km. to 25 cents per km. commencing September 1, 1983.

Stan Baker read a letter from the Inflation Restraint Board stating the Board of Education payments to bus operators do not fall within the restraint regulation. Therefore, in September the bus operators will receive a 10% increase in the formula. The business administrator had received a request from Dale Robinson asking that he try to get the insurance for student flights over Haliburton County extended to September, 1983. Cowan Insurance Company stated they would cover one flight at a cost of \$200. The members of the board decided they would not insure such flights.

Len Salvatori reported there has been some trouble with the bricks at the front of the senior elementary school. The architect who originally designed the building, Stuart Cauley, will make a report on

how to rectify the situation at a later date.

There was some discussion about the working conditions at the board office.

Douglas Hodgson reported that Mrs. Margaret Finlay's application for long term disability coverage through Constellation Assurance Company had been denied. He was instructed to write for a further explanation regarding the claim and suggest a representative from the company attend a board meeting to discuss insurance with the board.

The Haliburton County Board of Education supported the Lincoln County Roman Catholic Separate School Board in its request to the Ministry of Education for additional funds to provide adequate services to developmentally handicapped children.

Stan Baker presented a comparison of fire insurance rates paid by neighbouring boards. He was instructed to investigate the matter and report back to the board.

The board gave Douglas Hodgson and members of the hiring committee for the senior elementary school permission to work with Mr. Doug Devolin in completing the staff for that school for 1983-84.

## Waste management plans

from page 2

submissions before the final blueprint is completed for implementation in phases starting early in 1984.

Norton said he wanted to see more recycling of materials now consigned to garbage. "from the neighbourhood Boy Scout paper drive to the industrial exchange of thousands of gallons of chemicals."

The environment ministry, he said, provides seed money to start and stabilize regional source separation programs.

Norton asked for a response to his blueprint from all sectors of Ontario society on how the ministry can most effectively contribute to substantial supplies of recyclable material, an efficient system for their collection and delivery, and an assured market for their use.

He promised to investigate the possibility of a Good Packaging Seal of Approval to be developed and jointly endorsed by the environment ministry and industry.

Another innovation he suggested for discussion was a disposal fee to be levied at all treatment and disposal facilities on all wastes received.

"The revenue from this could be applied to offset

some of the capital costs of processing facilities and to provide funding for source separation, education and demonstration projects related to the four Rs."

Norton praised municipalities which practice long-term waste management planning, but also said this was an area where "the temptation is greatest...to take short cuts in the interests of expediency."

Municipalities must strive for a better quality in waste management planning, incorporating more constructive public consultation to reduce the atmosphere of

conflict which prevails in so many waste site decisions to date, he said.

The minister said he was proposing a perpetual care program to ensure that any problems arising from landfill sites can be safely and efficiently resolved.

Norton said the challenge of the blueprint, is to work together - first to plan, then to implement, and finally to maintain consistent performance.

"Our reward," Norton said, "is the maintenance of a clean, safe and healthful province."

# District News

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

## Gooderham News

by MARY HADLEY

A 35th anniversary celebration at Bark Lake Camp took place the weekend of August 20 and 21. Camp directors, program directors and staff members from 1948 to 1983 were invited to the reunion Saturday and Sunday.

Over 40,000 Bark Lake "grads" are in various parts of the world and with school groups now using the Camp nearly 30,000 people have been at the Camp in the past 10 years.

Displays were set up to remind everyone of special people over the years. Many photos and memorabilia were in various spots through the camp.

On Saturday the program opened at 2 p.m. with the arrival of camp directors, program directors staff and ministry personnel. Areas were open for swimming, canoeing, kayaking, sailing, nature walks and the craft shop.

At 5:30 there was a wine and cheese party, where old friendships were renewed. At 6:30 a delicious roast beef dinner with all the trimmings was enjoyed by all. Later many attended the traditional campfire and reminisced at an informal get-together.

Sunday brunch was served at 9:30. Previous campers were welcomed and the same areas were opened for sports as on Saturday.

Morning service was held at 11:30 a.m. Box lunches were available for those who wished them.

An official welcome was extended at 2 p.m. Ministry personnel and former camp directors paid tribute to those who had contributed so much to the success of the camp. John Eakins, MPP, gave a short speech. This was followed by an official cutting of the birthday cake.

As the program areas closed, many left to return to their homes.

The weather really co-operated for this nostalgic event.

Ruth Davy of Vineland and Max and Marion Hartin of Port Perry were visitors with Tommy and Vivian Dovel recently.

Thirty-eight Glamorgan senior citizens gathered at

the community centre last Wednesday evening for their regular meeting. A lunch of sandwiches, muffins, cake, tea or coffee was served. Ivan Hunter, president, welcomed guests: Willard and Francoise Miller of Fergus; Shirley Boothe of Toronto; and Les and Gwyneth Hughes of Haliburton.

Since this was Helen McMullen's last meeting before leaving for B.C., kind wishes for a happy and successful year were extended.

Les Hughes informed of a forthcoming trip being planned to Scott's in N.Y. state.

Len Smith at the piano and Walter Baron on the accordion led the group in a sing-song.

Marion James, just returned from Scott's, led in a dance which she had learned while there.

More dancing, card games, carpet bowling and scrabble completed an enjoyable evening.

Mr. Maxwell Kaye and his son, Marco, of Guadalajara, Mexico, have returned home after spending the summer in Ontario. Before they left, Mrs. Catherine Kaye of Richmond Hill and Barbara Kaye of Sandy Lake were also visitors at the cottage of Helen McMullen on Pine Lake. Helen returns at the beginning of September for further gerontology studies at Simon Fraser University in British Columbia.

Marjorie and Walter Madill attended church service at St. James Anglican Church in Kinmount last Sunday. This was a special service since it was the celebration of the 100th anniversary of the dedication of this church.

Marjorie's grandfather, the Rev. Edward Soward, the founding rector, began his missionary travels over the wagon and lumber trails of this district, often on foot, holding services in school-houses, lumber camps and homes. The present church building was erected of local

material, cut and sawn by local men in 1882. In August 1883 the new church was consecrated.

A grandson of the founder and cousin of Marjorie, Dr. Reginald Soward, Q.C., chancellor emeritus of the diocese of Toronto, addressed the congregation.

Other grandchildren and family members were present for the service. All joined for a luncheon in the Kinmount Community Hall.

Sincere sympathy is extended to Rosaline Madill in the loss of her sister, Mary Broadbent, of Oshawa, mother of Ed Broadbent, national NDP leader. She died in Toronto General Hospital after a lengthy illness. Funeral services were held in Oshawa.

A pleasant afternoon was spent last Sunday at the home of Beulah and Gordon Barr, when Beulah's sister, Ruby, her husband, Tom Smith, and five cousins with their spouses, gathered for a family reunion.

Glamorgan Senior Citizens' Club are grateful to New Horizons for providing a grant for a shuffleboard court which has been installed to the south of the community centre. The concrete must dry sufficiently before the markings can be placed so it may not be possible to use it very much before next year.

Visitors of Margaret and Dallyn Pickens are Margaret's sister, June Tounignant of Hamilton and friends, Peggy and Crawford Shier of Toronto.

Haliburton Highlands Harvest Festivals, sponsored by the Chamber of Commerce, are again taking place at four locations, each one a week apart. Passports will be issued to attend any or all four.

The Gooderham Harvest Festival, called "Klondike Day", the first of four, is scheduled for September 10

at the Community Centre. An interesting all-day program, featuring the events of those early days of the gold rush in the Yukon around 1898 is being planned.

At 9 a.m. a pancake breakfast will be served. This will leave you ready to give vocal support in the ladies' softball tournament which begins at 10 a.m.

An exhibit of garden produce, flowers and craft work will show the talents of our community. Be sure to enter yours and show us what you can grow or create.

Children's games which proved popular in our "Horseshoe Days" will again be conducted.

The horseshoe tournament will start at 2 p.m. Ron Barr will be ready to register those wishing to take part. Kindly do this as early as possible.

The saloons were an integral part of those "gold rush days". Here you can visit the "New Union Saloon" where you can make your fortune at the games of chance from 1 - 5 p.m. and from 7 - 11 p.m.

Throughout the day local talent will entertain. You have had time to brush up or form your own musical group by now. Do participate! Gooderham is not lacking in talent and the committee will appreciate your cooperation in making this an entertaining time.

If you need a recommendation for Gooderham's beef barbecues, ask those who gave high praise for past dinners. This meal will be served from 5 to 7 with entertainment as you eat.

From 9 until 1 a.m. you can dance to the music of "Lodestone".

Get your passport, have it stamped, and spend the whole day with a journey into the past of this northern territory.

The Billings Family Reunion was held last Sunday at Bear Lake Park.

by Millie Moss

On August 13 little Vanessa, daughter of Crystal and Glen Munro, became big sister to a new baby brother, born at Ross Memorial in Lindsay. Happy families all of Kinmount, are the Coopers, Snoddons and Munro's.

August 15 at Peterborough Civic, a son was born to Linda and Norman Junkin. Happy grandparents are Mr. and Mrs. Junkin of Bobcaygeon and Mr. and Mrs. Bill Snoddon of Kinmount.

Also on August 15, Bill and Mary Snoddon of Kinmount received a phone call from son, John Munro, announcing his marriage in Banff, Alberta, to Laura Hutton, formerly of the east coast. Congratulations to all concerned.

Last Saturday evening Bill and I decided to "eat out" as I thought I deserved it! Anyway, we went to the Dominion Hotel in Minden where we were served two large platters of piping hot, perfectly delicious Chinese food. Shrimps, ribs, fried rice, chicken chow mein, egg rolls and freshly made coffee in a large mug. The chef who was a former head chef at the Lichee Gardens in Toronto was kept very busy, along with a number of other people in the spotless kitchen, making and preparing the individual plates for the many hungry customers who seemed to be coming into the wall papered, old-fashioned dining lounge in a steady stream. Waitresses were kept at a steady pace but kept their cool and were friendly people.

Donald MacKinnon who is owner-operator of the Dominion Hotel spent about a year and a half trying to get just the right chef for his dining room because as he said, "I want the best for my customers." Bill and I would both highly recommend the new Dominion Hotel Chinese cuisine to

all and sundry. Who says there's no place to go in our part of the world after dark? The waitress told me their meals were served on Saturday through until 1:00 a.m. Sunday. Can't beat that, can you? After that hour you should be in bed anyway! Thanks very much you folks at the Dominion, we enjoyed it very much.

While I'm in a thanking mood, I must also send out a big pat on the back to the "gent" who cut the weeds down, along the sides of our road. You did a fine job and I'm sorry if previous comments in this column as to my becoming lost out there had anything to do with it but there are many people these days who suffer severely from allergies, our grandson being one of them. Just last week he had to be taken to Lindsay for treatment as we thought, for a very severe cold. Now he's on medication he dislikes, not for a cold but effects of ragweed, goldenrod, milkweed, to name but a few that grew in wild profusion all along both sides of the road all summer. Again, boys, thanks for cutting them back.

Happy birthday to Mary O'Toole.

To the people who are still asking where our bake shop is, in town. "Pat and Elaine's Bake Shop" is set back in from 121 highway, opposite 503 highway, between T.J.'s Dining and Variety and the laundromat. Elaine and Pat do all their own baking on the premises which is small but very clean and the girls invite you to stop by and give them a chance to give you a treat! Yes, they even have a dish on one of the front counters, of goodies you can taste for free. Who does that anymore?

I was happy to hear Jerry Crego, Archie Bowman and Ida Young are feeling better this week.

I was sorry though, to hear that Archie Williamson had a nasty fall at his home, breaking an ankle. "Mr. W." is now in hospital in Haliburton.

Sincere sympathy at this time goes out to family and friends of Lily Ludlow of Coboconk and Harold Coulter of Minden who died this past week.

There will be a Barkwell family reunion held at the home of Doris and Garland Barkwell on Saturday, August 27. More on that next week.

On Sunday, September 11, an open house will be held at the Kinmount Community Centre from 2 to 5 p.m. Everyone is cordially invited to stop by and help Flossie and Percy Sherman to celebrate their fiftieth wedding anniversary. Best wishes only please.

Mrs. Eliza Chalmers would like to thank each and every one of the sixty or so, guests, who attended her open houses, sent cards and flowers and otherwise helped her to enjoy her eightieth birthday which was held at Hyland Crest recently.

J. Carson of Kinmount was the lucky winner of \$35.00 in the Kinmount Legion 50/50 draw on August 13 and Mary Hockley, also of Kinmount was the lucky girl who won \$31.25 in the 50/50 draw on August 20.

Mrs. Gordon Nutbrown of Montreal spent a couple of days last week with her sister

and brother-in-law Dora and Bill Lilley of Norland.

Well folks, every week I ask you to give me a call and I do appreciate the calls and notes etc. left around town for me but this week a very pretty card was left with a verse written inside which I expect you wanted in print. There is nothing really in the verse that would insult anyone I'm sure, but under these circumstances I'm sure you'll understand that at this time it would be better to leave it alone. However, I will see that Ida Young receives it and if she wishes it publicized I can see to it at a later date.

Bill and Jason Moss, Helen Graham and John Pyke spent one day last week at the Canadian National Exhibition in Toronto and enjoyed the whole trip very much.

Audrey, Wilf and son Joseph Belanger of Rexdale visited Mary and Jack Pyke on Thursday, August 25.

It's tough to make a mistake, but it's tougher still to find out you're so unimportant nobody noticed it.

A number of ladies enjoyed a Tupper party at the home of Helen Jones, Monday, August 22.

Stay well and happy and be here next week to read the Echo. I can be reached at 488-2353 - sooner or later.

# Wilberforce News

A new member has been added to the Agnew family. Sharon and Barry are delighted with their first child. Jonathan Kyle arrived at the Oshawa General Hospital on August 6, 1983. He weighed 8 lb. 2 oz. Proud grandparents are Ross and Vicki Agnew and Blake and Adele Barnes.

There is good news that Hubert Dunford's stay in the hospital in Peterborough is nearly over. What was to have been a couple of weeks turned into most of the summer for Hubert. He and Erma were looking forward to a celebration of their 45th wedding anniversary. Their children had rented the hall for the big event. However, they are all happy to have Hubert with them again and can now get busy for daughter Barbara's wedding which takes place in October. Welcome home Hubert.

The perfect summer weather this year was ideal for the children's activity program prepared by the recreation committee. Swimming lessons at Lake Wilbermere began on July 4 with an enrolment of 68. We are fortunate to have a local girl, Joanne Coumbs, as a qualified instructor. With her assistant, Melanie Rutter, she was successful in teaching and advancing her pupils as they qualified. On July 27 a small craft safety team from the Red Cross presented a brief course for the older swimmers with each participant receiving a survival award. There was also an entertaining skit one afternoon for all groups and interested parents. The last day was fun day with games in the water and lunch over an outdoor fire. Joanne was confident that the swimming period was enjoyed by those who were involved.

During the last two weeks of July and through the month of August a day camp was held beginning in Tory Hill for two weeks and continuing in Wilberforce. In charge of the children at the playground were Melanie Rutter, Sherri Sheehy and Tracey Mumford. An enrolment of 62 youngsters kept everyone busy. The children enjoyed games, crafts, took part in hikes and on Thursday afternoons visited the library where they were entertained with films.

With all the activity programs available there is al-

ways something to hold the interest of our children. A typical youngster is Rene Casey, daughter of Ray and Lorraine Casey. Rene is 10 years old and in grade four at school. She is a bright, intelligent child and a bundle of energy. Living close to the library she takes advantage of the many craft classes sponsored by the library staff. She is enthusiastic about swimming and pleased to be nearing the top of her class. During August she attended the daily play ground camp. She is a member of the girl guides association. When winter comes figure skating is her main interest. This fall she is looking forward to her first piano lessons from Jean Thomas. She is a happy, little girl who is lucky enough to have a brother and several cousins to play with. Monmouth Township has so much to offer its children.

On Saturday, August 27 the great music of the "Six Pack" drew a happy crowd of dancers to Monmouth arena. During the evening a draw was made for the 14' canoe and the lucky winner was Fred Rizk of Scarborough. This draw was the last of a summer promotion project involving the combined townships of Glamorgan, Monmouth, Harcourt, Cardiff and Bicroft.

On Sunday, August 28 Harold and Beatrice Herlihey greeted the many good friends and relatives who had come to congratulate them on the occasion of their 50th wedding anniversary.

Members of their family had planned the event. The house and back garden were made available to guests and there was much pleasant conversation with the meeting of old friends. Rain threatened those gathered on the lawn but it never materialized.

There were many lovely gifts on display along with cards, letters and plaques. Gloria Jane's little girls were charming as they offered refreshments to the guests.

One item of special interest was the enlarged photo of Harold and Beatrice on their wedding day. This covered a door and was a beautiful reminder of that happy day.

Coming up in September is their gift to each other of a pleasant cruise through the Panama.

May this couple enjoy the many years ahead.

# Norland Natter

by KELLY GRAHAM

Hi. Well, I've just returned from the CNE and I had a great time. The "Ex" was relatively uncrowded and my cousin, Colleen Janke, my mother, Beverly Graham, and my grandmother, Beryl Kipp all enjoyed the many attractions. I'm sure Colleen and I hit just about every wild ride imaginable.

Two weeks ago there was a writeup about a christening. Unfortunately two of the names were incorrect and since the notice is to be sent to out-of-town relatives I would like to put it in again.

On July 31 at the Norland United Church Christopher Thomas Grant Orris was baptized. Little Christopher is the son of Phillip and Heather Orris of Trenton, grandson of Aubrey and Jacqueline Gostlin of Huntsville, and great-grandson of Hazel and Raymond Gostlin of Norland and Annie Watson of Cobocok. Godparents are Joanne and David Camelon of Minden. Surprisingly, one of the church elders assisting in the ceremony by welcoming Christopher to the church was his great-grandmother Hazel Gostlin. The other elder was Joyce Bartley of Norland.

I would like to offer sympathy to the friends and family of Mrs. Elizabeth Ann Hannivan of Bobcaygeon who passed away recently.

The winner of Shirley Harrison's latest Wintario ticket was Fred Lewis.

How many of you attended Pioneer Days in Cobocok last weekend? Although I wasn't able to attend I hear it was a great success.

With your help I think that the annual Kinnmount fair could be a great success also. The fair will be held on Saturday and Sunday, September 3 and 4. The fair features a demolition derby (Sunday), a talent show (Saturday) and the group "Family Brown" on Saturday.

The features playing at the Highlands Cinema in Kinnmount for September 2, 3, 4 and 5 are "Porky's II - The Next Day" (8:00) and "The Outsiders" (9:45, adult accompaniment). These shows are the end of the line...until next spring that is.

I'm happy to hear that Glen Bryant of Norland was not injured in a slight car accident that occurred recently.

The euchre scores for Thursday, August 25 were as follows: ladies high - Dorothy Brown, Gayle Chynoweth (tie), men's high - Les Thomas, ladies low - Susy Lightfoot, Ada Thomas (tie), men's low - Ken Chynoweth, lone hands - Doug Taylor.

Well that's all for this week. Remember, you can contact me at 454-3707.

SUZIE'S SALON

GOODERHAM 447-2033

# Dorset News

by Phyllis Briscoe

"The human animal needs a freedom seldom mentioned: freedom from intrusion. He needs a little privacy quite as much as he wants understanding or vitamins or exercise or praise."

Although the fine weather has prevailed the number of summer visitors has diminished somewhat, although there are still plenty of people around. I was right, the raspberries didn't amount to much. I picked enough for one pie and a few to eat with cream. No jam or jelly this year. Maybe next year we will have a bumper crop.

On Wednesday, September 7 at 7:30 p.m. there will be a showing of old time films of Dorset and will include those taken at the Seniors luncheon, held in May. This will be held at the Dorset Community Center and there is no admission charge. This is more or less a wind-up for Pioneer week. This is to be followed by a dance to the music of Gordon Lewis and there will be a bar.

Della and Norman McGuire have returned from an extensive trip in their motor home, having been gone for two months. They travelled west to Vancouver where they visited with relatives then went north to Alaska, then over the mountains to the Yukon. They spent some time in historical Dawson City. They report the scenery was breath-taking just about every place they were, the roads superb and the weather lovely and they had a most enjoyable trip. Sounds lovely.

We send sincere get well wishes to Hector McKay who is a patient in Huntsville and to Agnes Little who is ill in a Toronto hospital.

The annual Lions fish derby will be held at Camp Dorset, Sunday, September 4. There will be dinner, trophies and prizes. You may fish anywhere but fish must be caught the same day as the derby and weighed in at Camp Dorset by 5 p.m. Dinner is from 5:30 to 7 only. It's a fun day so let's hope they have a good turn-out.

A couple of weeks ago I had a few golden rules. For some reason, space I guess, two of them were deleted. Several have said they were curious as to what they were. They are if you turn it on, turn it off and if you borrow it, return it. Hope they make it this time.

There are a great many dry wells in the area due to the shortage of rain. People getting water from the lake are fortunate. Maybe someone can tell me why the birds don't use my bird bath. I read somewhere to put a few marbles in it and that would attract them, I did it but they didn't respond. I have been places where it was such a pleasure to watch them splash around and enjoy themselves. But mine, they won't come near. Anybody know why?

We are late with a couple of birthday wishes but many happy returns to Audie Tracey on the 14th and to Marion Tyson on the 16th.

The Anglican ladies would like to thank the people who came to the bake sale and those who worked so hard baking, making it a great success. Many thanks also to

those making donations of money.

H.H. If you have no strainer a plastic onion bag may be used to blanch your vegetables, when preparing for freezer.

"The treacherous, unexplored areas of the world are not in continents or the seas, they are in the minds and hearts of men."

And still it continues, this beautiful sunny, summer weather that we are continuing to enjoy. And I do mean enjoy. The lake is very active with motor boats, sail boats and wind surfers. The latter looks like a lot of fun and they have them to rent at Claytons. The young people take advantage of their availability and spend a lot of time maneuvering them against or with the wind and go scudding across the lake. The youth of today is well supplied with different forms of entertainment.

Mrs. Phyllis McKay of Huntsville has been in the village several times recently visiting friends and relatives.

The Lloyd McKays, their son Jim and daughter Laurie spent several days visiting me and other relatives last week. Their home is in Hespeler.

The Dorset Bowling League is starting the 1983-84 season on Monday, Sep-

tember 12 at the Carnarvon Bowling Lanes. There will be bowling every Monday at 7:30. Anyone wishing information may call 766-2605 or 766-2408.

Most people who live in "Cottage Country" more or less operate a summer hotel for their city friends and relatives and as nice as it is to have company and entertain, when Labor Day appears on the horizon everyone breathes a sigh of relief and looks forward to just getting family meals and enjoying a reprieve from the hustle and bustle. Routine may seem boring at times but quite enjoyable after the turmoil of a hectic summer.

They tell me that the street dances have ended for the summer. There was supposed to be one more but it was cancelled. Thursday, September 1 will be the final Lion's bingo for this season. There should be a great crowd as the jackpot has to go.

I have heard that a number of Dorset people attended the Wintario draw held in Baysville. If anyone won the \$100,000 they are keeping it a secret.

H.H. When painting interior rooms, if you put a teaspoon or two of vanilla in a gallon of paint, stir well and there will be no paint odor in the room.

# Haliburton Highlights

by CREIGHTON FEIR

Everyone seems to love an auction sale and will drive miles to attend one of these fascinating sales. On Saturday last a very large crowd of people came out for the auction sale for the estate of the late Wesley Otto which was held on Sunnyside Street in Haliburton. We understand that the Otto home and property has been purchased by Michael Easton of Haliburton, Ontario.

Once again it's hats off to the Haliburton Horticultural Society for placing all those beautiful planters around the village and especially along the business section. Through their efforts the flowers are watered and kept in wonderful condition.

Curtis Eastmure, manager of Maple Sands Resort was the guest speaker at the regular meeting of the Rotary Club of Haliburton which was held at the Haliburton United Church last Thursday evening. He spoke on the subject of Nordic skiing in Haliburton County.

Last Thursday night Art Dawson, John Robinson, and Maurice McKee, all of Haliburton were in Toronto to attend the CFL football game between the Toronto Argonauts and the Saskatchewan Rough Riders. Art Ward, who was in Toronto on business at the time, also attended the game.

Reports reaching this office indicate that the local municipal council are in the process of ordering new street signs for the village.

Haliburton's first ever Sidewalk Sale takes place this coming Friday and Saturday, September 2 and 3 with sale specials, merchandise discounted, and summer clearances. The participating Haliburton Merchants will be looking forward to see you on these dates.

We have heard a few complaints recently from our readers who are quite concerned over the fact that garbage is being strewn along our highways and roads and that dead animals are left on the highways and no one seems to do anything about these matters. The question seems to be just whose responsibility is it?

Rev. and Mrs. John James and family of the Haliburton United Church have returned home following two weeks vacation.

Many of our local citizens are planning on attending the annual Kinmount Fair which is on this weekend.

I am always amazed every time I happen to be out at the Haliburton dump to see just how much garbage is brought in here every week. It's very heavy all year round but extra heavy during the summer months. I can remember when the dump was out near the road but not take a look and it's a way back. As the garbage arrives at the dump and piles up the municipal bulldozer is brought in to keep pushing over the bank and filling it in. It won't be too many years when the dump will be pushing to the outskirts of West Guilford.

Repairs during the past few weeks have been going on at the Victoria Street School in preparation for school opening.

Congratulations from their many friends in Haliburton to Mr. and Mrs. Harold Herlihey of Wilberforce, Ontario who celebrated their 50th wedding anniversary at their home in Wilberforce on Sunday, August 28. Harold has been a member of the Rotary Club of Haliburton for a great many years and also served a term as District Governor.

We are harping once again on the subject of litterbugs in Haliburton and from what we can see we still have plenty of them. It just makes us sick to think that people will litter the village with debris when it can be placed in litter containers which are placed all over town for everyone's convenience. Con't be a litterbug. Let's keep things in a clean and tidy fashion.

## Glamorgan council

A regular meeting of Glamorgan Township Council was held in the council chambers on Wednesday, August 3, 1983 at 7:00 p.m. Present were Reeve Robert I. McCausland, presiding, Deputy Reeve R. Jane Franklin, councillors Larry Hunter, Glen Madill, Dallyn Pickens; staff, Elva V. Bates, clerk-treasurer.

Robert McCausland declared an interest in cheque #693 (general voucher 83-7, and road voucher 83-7) due to employment with the payee.

Minutes of the July 6, 1983 meeting were adopted as circulated.

The following accounts were approved for payment: general voucher 83-7 - \$36,239.74; road voucher 83-7 -

\$13,559.15; welfare payroll 83-7 - \$1,685.62; recreation committee voucher 83-6 - \$329.74; and OHRP voucher 83-7 - \$200.74.

By-law 83-12, a by-law to authorize an agreement under the environmental protection act, was read a first time, considered to be read a second and third time and passed.

Council acknowledged the encroachment relative to part lots 26 and 27, concession 5, owned by Elgin and Yvonne MacDuff and will allow it to continue provided that if replaced, the subject units will be placed on the owner's land, and provided that the municipality assumes no liability in connection with this encroachment.

It seems that everyone loves a winner and when the Toronto-Blue Jays of the American Baseball League keep winning games the way they have been during the past two months they become a hot number not only around Toronto but in such places as Haliburton. I am quite surprised after talking to several people in Haliburton who tell me that they are taking their entire family to the Blue Jay games during this present 14-day home stand. People are even phoning the office wondering where they can purchase tickets for the games.

The Rotary Club of Haliburton have announced that the District Conference will be held in Noranda-Rouyn on September 15, 16 and 17. Several members and their wives from the Haliburton club will be attending.

Final plans are being made for the Haliburton Highlands Secondary Schools 30th anniversary on September 16, 17 and 18, 1983. This homecoming weekend promises to be a time of reminiscence, reacquaintance, reunion and rollicking fun.

## Coboconk News

by SHEILA LAKE

Winners in the seniors card games for the last two weeks were as follows. August 16 - Euchre - Laura Irvine, 88; Flo Penrose, 77. Most lone hands - Laura Irvine, 7, consolation - Ann Grose, 47. Gents: Don McGuire, 78; Gordon Jewell. Most lone hands, Don McGuire, 6; consolation Greta Reeds, 40. Bridge, first - Betty Harwood, 5480; second - Ralph Brown, 5020. Consolation - Myrtle Greenwell.

August 23 Euchre: ladies - Lillian Bryan, 83; Ada Thomas, 81, most lone - Lillian Bryan, 7; consolation - Bev Tanner, 42. Gents: Ross Faulkner, 75; Tom Bowins, 74. Most lone hands, Tom Bowins, 5; consolation Hazel Young, 43. Bridge - First, Jack McNeil, 5720; second, Jay Rorke, 5690; consolation - Gwen Rorke, 1030.

The annual Pioneer Days are history and a big success. This year, a horse draw was

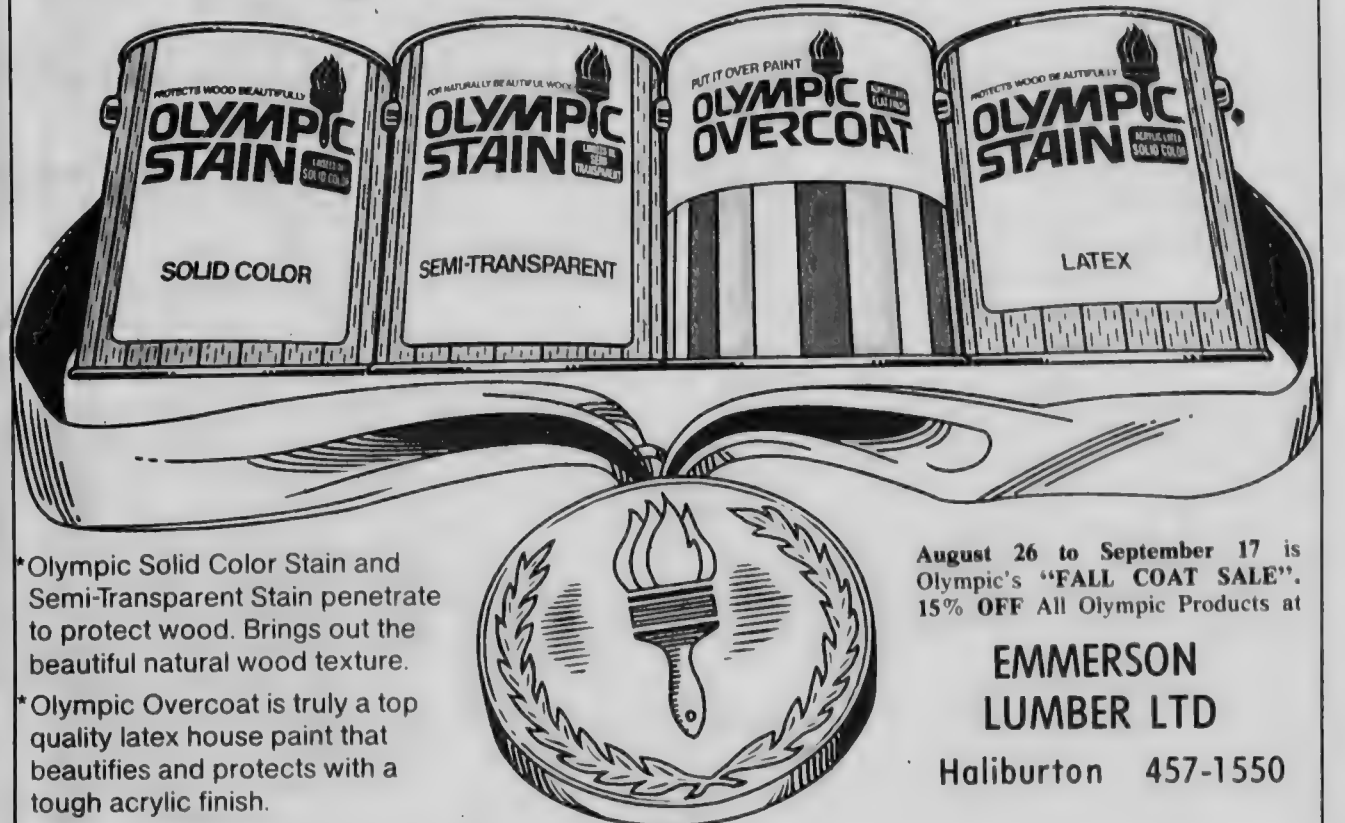

held on the Medical Centre Parking lot on Friday night and drew a big crowd. Winner in the light class was Jack Batty of Coboconk. Earl Powell's team placed second, Grant Quinn was third and Buck Graham took fourth place.

The heavy class pull was won by Joe McFeeters of Fenelon Falls; George McLean of Oakwood and Ingram Wessell took second and third places.

Well over 200 attended the first Brohm reunion held at Balsam Lake Provincial Park. We got to meet many of the clan and a good time was had by all. My sister still has extra copies of the large family tree if you are interested.

Mrs. Ruth Fralick, Mrs. Fanny Richman and Mrs. H. Millyard are all confined to Ross Memorial Hospital. Scott Robertson is in Peterborough hospital and has had surgery.

## The Olympic Champions!

August 26 to September 17 is Olympic's "FALL COAT SALE". 15% OFF All Olympic Products at

### LET'S GET TOGETHER PEN PAL SERVICE

For the disabled or handicapped within any range that makes it difficult to meet and make friends. Let's Get Together Pen Pal Service hopes to change that for you. We will send you three members' names along with address per month for a \$20 a month membership fee (cheque or money order). Please send name and address with a brief note of handicap you carry to Box D, Haliburton County Echo, Box 360, Haliburton, Ontario K0M 1S0. 26-B-31

## 27. thank you

The "PEOPLE FOR PEACE" Committee wish to thank all those who helped to make the Peace Meeting on August 24th in Minden such a great success. Special thanks to: Rev. Dr. Clarke MacDonald, Speaker, Dr. Norman Alcock, Chairman, Rev. Clyde Westhaver, for arranging details with Dr. MacDonald, and introducing him at the meeting, Elaine Blakey, who prepared the leaflets, Connie Lattner, who operated the projector for the film, Eleanor Gilligan, for the fine solo, and Nicholas Holliday-Rhodes, who accompanied her on the piano. Thanks also to members of the audience for the generous donations of \$86.00, which helps to cover rental of the hall and its facilities. 27-B-31

## 27. thank you

My sincere thanks to my relatives, friends and neighbours for phone calls, cards, donations and food, to Drs. Heyes and Buckann and staff, Reverend Phillips for his comforting words to you (Bill Davis, for your brief mid-night visit at the hospital). Kathleen Leach 27-P-31

## 27. thank you

I would like to thank all my friends, relatives and neighbours who were so kind and helpful during my recent bereavement. Special thanks to Rev. John Phillips, Gordon Monk, the Haliburton Branch of the Royal Canadian Legion and ladies of the Auxillary, Dr. Pierce, the ambulance attendants, Dr. May and nurses and staff of Peterborough Civic Hospital. Your kindness will be long remembered. Sincerely, Helen Pritchard 27-P-31

Thanks to the V.O.N.'s Betty Mills, Marilyn Moughton and a special thanks to Anne MacNaull for all your help and support after my surgery. Eida Henderson 27-P-31

## 27. thank you

I wish to thank the person or persons who stole the P.J. Glass and Mirror sign from the Red & White Plaza. It helped me make up my mind to place a bigger and better one. P.J. Glass & Mirror 27-CA-31

**WELCH** - The family of the late Doris Welch wish to express their sincere gratitude and appreciation to relatives, friends, and neighbours, for their thoughtfulness, kindness and assistance to us, during our recent bereavement. Many thanks for floral arrangements, charitable donations, cards and gifts of food. Special thanks to Father Brooks, the ladies of the Kinmount A.C.W. and the Gordon Monk Funeral Home. 27-P-31

## 28. births

**PRIPP** - Sandra and Jack happily announce the birth of their second child, Sherry Lynn, born August 8, 1983 at 8:30 a.m., 7 lbs., 10 ozs. at the Peterborough Civic Hospital. 28-P-31

Lorne and Lynda Campbell of Soyers Lake joyfully announce the birth of a son, Shane Lawrence on Friday, August 26, 1983, at Mount Sinai Hospital, Toronto weighing 7 lbs., 4 ozs. a little brother for Kate. Second grandchild of Don and Helen Campbell of Ottawa, Elizabeth Grepy of Toronto, seventh great grandchild of Lorne D. Campbell of Toronto. Thanks to all in Haliburton who offered love and best wishes. 28-B-31

**WOODS** - Tim, Jennifer, Katharine and Timothy welcome with love Leah Elizabeth, born August 23, 1983 at 7:58, weight 8 lbs., 3 oz. Many thanks to Pat Kennedy and Bob English who got us to the hospital in "one piece", and very special thanks to Velma Smith for her coaching and hand holding. Thank you to Dr. Hartwick and Alex Pringle for their excellent pre-natal care and Dr. Froats for his help with the delivery. It was very special for us to be in Haliburton for this nurturing time and to feel the love and support of many good friends. Thank you for all your blessings. We are all stronger for them. 28-P-31

## 30. weddings

**BRIDES** - have your wedding professionally photographed, 457-2767. 30-CA-TF

Len and Judy Creelman are very pleased to announce the marriage of their son Kirk, to Anne O'Hara of Ottawa on August 18, 1983. It is a joy to welcome Anne to our family and our community. 30-P-31

## 31. death notice

**AT REST** At the Red Cross Hospital Haliburton, on Saturday, August 27th, 1983.

**Mildred Josephine (Milly) Carr** Beloved wife of the late Philip Carr, dear mother of Kathy of Whitehorse, Yukon and Langton of Ottawa, dear sister of Mary, Grace and Margaret.

**Funeral Service** A funeral service was held from St. Peter's Anglican Church, Maple Lake on Tuesday, August 30th at 1:00 p.m. Interment St. Peter's Cemetery, Maple Lake.
